**Title: Informatics Professional Services**

**Solicitation Amendment No. 005**

This solicitation is hereby amended to provide the following questions and answers:

**Q2. There is a mandatory requirement, "Minimum of twenty-four (24) months of experience programming reports in Cognos/ERP systems", found at M.3.2.3. Can you elaborate on what "Cognos/ERP" means? For example, does this mean "Cognos and ERP" or "Cognos or ERP" or "Cognos ERP"?**

A2. Cognos or other ERP.

**Q3. Many of the mandatory and rated requirements ask for a number of skills, e.g. "Minimum of twenty-four (24) months of experience working with Java EE, Oracle, SQL, Web Services (WSDL or REST), HTML and XML", found at M.3.1.3. How is the number of months to be calculated? For example, does the resource need to have 24 months in each of the 6 resource skills, in other words a total of 144 months in total; or does the resource need to have a total of 24 months experience during which the resource has some experience in each of the 6 required skills? We understand that as per Annex F, paragraph 10, that "the same experience can be counted for each criterion within any one resource category". We're not sure how this applies, if at all to our question.**

A3. The resource would need to have a total of 24 months experience during which the resource has some experience in each of the 6 required skills, not 24 months of experience in each of the 6 skills.

**Q4. There are two requirements that call for, "Minimum of twenty-four (24) months experience working in a Government environment", found at M.3.13.3 and R.5.13.3 and one requirement "Experience in BPR projects in Government", found at R.5.34.2. Since these do not specify Federal Government or Government of Canada, is it correct to assume any Government experience qualifies, e.g. Provincial, Municipal, other national government?**

A4. Yes, Federal, Provincial and Municipal would all apply.

**Q5. In Annex F, paragraph 2, there is a statement that says, "Resources can be proposed for up to two mandatory categories".**

**a. Does this also apply to optional categories or is it just for mandatory categories?**

A5. a. This applies to optional categories as well.

**b. Can a resource be proposed in a mandatory category as well as an in an optional category?**

A5. b. Yes, as long as the same resource is not proposed for more than two categories in total.

**c. Could the resource be proposed for 2 categories within the same skill requirement, e.g. A.14- Web Developer Level 1 and A.14 - Web Developer Level 2?**

A5. c. Yes

CCC No./N° CCC - FMS No./N° VME

---

**Q6. Given the requirements for A.3 ERP Programmer / Analyst - SAP - Level 1, would you consider that the resource sought would be described as a functional or technical SAP resource?**

A6. When we move to SAP VAC may need some technical help, even if we are hosted by another department...possibly to convert some FreeBalance data to SAP, etc. There may also be a need for a functional resource.

**Q7. Regarding: A.11 Tester - Level 1; Requirement M.3.6.3, Minimum of twenty-four (24) months of experience utilizing testing solutions/tools in a software testing environment.**

**AND**

**Tester - Level 2; Requirement M.3.7.3, Minimum of sixty (60) months of experience utilizing testing solutions/tools in a software testing environment.**

**What is the definition of "solutions/tools" in this context? For example, if a tester had experience in a software testing environment using tools such as Excel or Word to plan test conditions/cases and to track test execution results and defect remediation, would this satisfy the requirement? If not, what are the "solutions/tools" that would satisfy the requirement?**

**We are assuming that the answer to this enquiry will be equally applicable to rated requirements R.5.6.3 and R.5.7.3.**

A7. YES to both questions.

**Q8. In Annex B - Basis of Payment, please confirm that bidders are only required to complete columns (E) and (F) as the TBIPS SA no longer contains rates and therefore columns (C) and (D) are not applicable.**

A8. Please delete the current Annex B – Basis of Payment and insert the Annex B – REVISED January 19, 2016 – Basis of Payment attached herein.

**Q9. In Annex B - Basis of Payment, on page 5 of 6, the Crown instructs "For the purposes of evaluation, if there are no resources proposed for the optional categories, the following matrix will be used to determine the "Firm per Diem Rate" for the optional categories:"**

**Is a bidder able to provide firm per diem rates for the optional categories if they are not presenting evaluation criteria for the optional tables in R.5?**

A9. No

**Q10. Regarding M.3.1.4 and R.5.1.4, can the Crown please confirm that "experience working with AEM/LiveCycle Services for Documents (forms, letters and other documents)" can be met by either "experience working with AEM LiveCycle Services for Documents" or "experience working with LiveCycle Services for Documents".**

A10. AEM is the new name from Adobe for what was previously called LiveCycle. The new name is Adobe Experience Manager Forms. The older name is LiveCycle. The expected answer is "yes" to this question as the description was to cover off the name that Adobe called their product.

CCC No./N° CCC - FMS No./N° VME

---

**Q11. Regarding M.3.1.5 and R.5.1.5, can the Crown please confirm that “experience working with AEM/LiveCycle Process Management Development” can be met by either “experience working with AEM LiveCycle Process Management Development” or “experience working with LiveCycle Process Management Development”?**

A11. AEM is the new name from Adobe for what was previously called LiveCycle. The new name is Adobe Experience Manager Forms. The older name in LiveCycle. The expected answer is “yes” to this question as the description was to cover off the name that Adobe called their product.

**Q12. Regarding R.5.34.3, can the Crown please clarify and/or provide examples of data harvesting techniques as it relates to automating processes using electronic documents?**

A12. Clarifying data harvesting techniques as it relates to automating processes using electronic documents: - pulling data from electronic documents (that are OCR - Optical Character Recognition, or the processes have electronic documents, such as filled forms with data elements embedded). Using that data in an automated process to accomplish some task like fill a database or make a decision.

**Q13. Regarding R.5.34.4, can the Crown please confirm that “Experience in projects using Adobe Experience Manager (AEM) / LiveCycle as the Process Management server” can be met by either utilizing “AEM LiveCycle as the process management server” or by “LiveCycle as the process management server”?**

A13. As mentioned in Answers to Questions 10 and 11, these are the same; AEM and LiveCycle are synonymous (Adobe changed the name).

**Q14. In the ANNEX F, page 29 of 37, in the Grids for the Programmer/Analyst - Microsoft.NET, Level 1 & 2, you are asking for the following:**

**R.5.22.5 & R.5.23.5 Experience with Microsoft Visual Studio 2013 or higher (Level 1 - 24 months; Level 2 - 36 Months), Microsoft Visual Studio 2013 - was only Released on November 13th, 2013. (24 months).**

**Given that the release date of "Microsoft Visual Studio 2013 was 24 months ago", and it is rare that a Client would implement a new product immediately, we would like to request that both Level 1 & Level 2 requirement be changed to 12 months experience for a maximum of 12 points. Microsoft Dynamics CRM was released at the same time and it is 12 months.**

A14. Please delete the current Annex F – Technical Evaluation Procedures & Criteria and insert the Annex F – REVISED January 19, 2016 –Technical Evaluation Procedures & Criteria attached herein; which includes the revised version of Microsoft Visual Studio.

If your bid has already been forwarded and you wish to revise same, this revision should be sent in a sealed envelope and mailed to the above address and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope.

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:

Name: Charline MacDonald  
Telephone No.: (506) 851-6067  
Facsimile No: (506) 851-6759

**ANNEX B – REVISED January 19, 2016  
BASIS OF PAYMENT**

The tables below outline the "Estimated days per Year" that will be used for the evaluation process only, and is not intended to estimate the actual utilization under the contract.

The estimated days per year was derived by the calculation of 260 days per year less 11 holidays, arriving at a total of 249 days. The estimated days per year for each category represents the estimated utilization and may be performed by numerous resources. For example, the category of “Programmer / Analyst – Java EE” at 249 days may be 2 resources, with overlapping periods, totaling 249 days.

Veterans Affairs guarantees a minimum commitment of \$500,000 and a maximum of \$5.8 million dollars for each year inclusive of any options to extend.

**A. Initial Contract Period – Date of Contract Award for Period of One Year**

P.7 Project Coordinator - Level 1	→	A.11 Tester - Level 1

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

**G.1 GENERAL EVALUATION PROCEDURES**

1. To be considered responsive, a proposal must:
  - a) meet all the mandatory requirements of this solicitation; and
  - b) obtain, for the technical evaluation criteria which are subject to point rating, the required minimum of 60 percent of the points for each resource category and obtain the required minimum 70 percent of the total score for all resource categories combined. (There is no minimum number of points required for the Point Rated Corporate Requirements.)

Proposals not meeting a) or b) above will be given no further consideration. Neither the responsive proposal that scores the highest number of rated points nor the one that contains the lowest price will necessarily be accepted. The selection of the contractor will be determined by a 60/40 ratio of technical score and price, respectively. The lowest priced technical responsive proposal is allocated the maximum points of 40 and other price proposals are prorated accordingly. Technical scores are prorated against the total possible score of 60 points. The proposal with the highest total score, when adding the technical points and the price points, is considered as the proposal representing the best value, and will be recommended for award of a contract.

**Example of Best Value Determination:**

Bidders should be aware that the figures provided in the following example bear no relationship to the expectations of cost, bid prices, or the expected budget associated with these future requirements.

Calculations will be made by using a method of Highest Combined Point Rated Score, with 60% weight on point rated score, and 40% weight on cost/price score.

<b>Calculation Data:</b>	<b>Point Rated Score</b>	<b>Bidder Quote Price</b>
<b>Bidder 1</b>	*88/100	\$60,000
<b>Bidder 2</b>	82/100	\$55,000
<b>Bidder 3</b>	76/100	**\$50,000

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

<b>Final Calculation:</b>	<b>Point Rated Score</b>	<b>Price Score</b>	<b>TOTAL POINTS</b>
<b>Bidder 1</b>	$88/88^* \times 60 = 60$	$(1 - (60 - 50)50^{**}) \times 40 = 32$	92
<b>Bidder 2</b>	$82/88 \times 60 = 55.91$	$(1 - (55 - 50)50^{**}) \times 40 = 36$	91.909
<b>Bidder 3</b>	$76/88^* \times 60 = 51.82$	$(1 - (50 - 50)50^{**}) \times 40 = 40$	91.818

For the purposes of this example, assume that three responsive bids have been received, and that the maximum score which can be obtained is 100 points. The highest point rated proposal, and lowest priced proposal would receive the full percentage points possible (i.e., 60 and 40 respectively), with the scores of other proposals being pro-rated accordingly. Based on this example, contract award would be recommended to Bidder 1, whom obtained the highest overall score taking into consideration both technical/managerial merit, and the proposed price offered.

\*Represents the highest point rated score

\*\* Represents the lowest priced proposal

2. Bidders must submit a bid for all mandatory resource categories and must propose a minimum of two resources for each mandatory category, **with the exception of category M.3.1 Application/Software Architect - Adobe Experience Manager (AEM) /LiveCycle. Only one resource is required to be proposed for this category.** Bidders must provide resumes for each resource (person) proposed. Resources can be proposed for up to two mandatory categories. No one resource may be proposed for three or more categories.
  
3. The Bidder may replicate the tables using the Bidder's own word processing system. The Bidder must complete the tables (or replicas), as follows:
  - a. for the Mandatory tables of Section M.2 and M.3, the Bidder must enter a "Y" for "Yes" or "N" for "No" in the "Meets" column and provide substantiation for the "Y" responses;
  - b. for the Rated tables, Sections R.4 and R.5, the Bidder must enter an amount claimed, either months of experience or points as the case may be, and provide substantiation for the claims. It is highly recommended that the Bidder assigns a number to each of the work assignments in the resume for easy reference in the evaluation tables.
  
4. The "substantiation" provided by the Bidder in the tables must provide sufficient information to substantiate, to the satisfaction of the evaluators, that the services or experience being proposed meet the requirement. The substantiation may be made within the table; or, for resources (i.e. personnel), may be referenced from the table to the résumé for the resource with a Page and Paragraph reference, or both (i.e. the

## ANNEX F – REVISED January 19, 2016

### TECHNICAL EVALUATION PROCEDURES & CRITERIA

Bidder may choose to add information in the Substantiation column that supports the information in the résumé, in addition to having a reference to the résumé).

5. Bidders are advised that listing resource experience without providing any supporting data to describe responsibilities, duties, and relevance to the requirements will not be considered "substantiated" for the purpose of this evaluation. The Bidder should provide complete project details as to where, when (month and year) and how (through which activities/responsibilities) the stated qualifications/experience were obtained. Experience gained during formal education shall not be considered work experience. All requirements for work experience shall be obtained in a legitimate work environment as opposed to an educational setting. Co-op terms are considered work experience provided they are related to the required services.
6. Bidders are advised that the month(s) of experience listed for a project whose time frame overlaps that of another referenced project will only be counted once. For example: Project 1 time frame is July 2011 to December 2011; Project 2 time frame is October 2011 to January 2012; the total months of experience for these two project references is seven (7) months.
7. Proposals must provide supporting information consisting of detailed résumés that clearly describe the degree and nature of the knowledge/experience possessed by the proposed resource. Supporting information shall include relevant previous projects and dates that enabled the individuals to acquire the necessary experience/knowledge. **Where résumés only provide the year(s) that any relevant experience was acquired, the evaluation team will assume that length of relevant experience to be one month only for the starting and ending years. For example, if experience is stated as between 2007 and 2009, the evaluation team will consider the relevant experience to one month for 2007 i.e. December, 12 months for 2008 and one month, i.e. January for 2009 for a total of 14 months.**
8. For the purpose of interpreting the evaluation criteria, a requirement such as "within the last 4 years" is intended to mean "within the last 4 years from the date at which the RFP was issued".
9. For all resource categories listed in the Rated Tables, one point will be assigned for each month of experience that satisfies the requirements described in the tables. In some cases the requirement states "beyond the mandatory requirement", meaning that the requirement is identical to a Mandatory requirement, and that points will be allocated only for the Rated experience that is in excess of the Mandatory experience.
10. Unless otherwise specified, the same experience can be counted for each criterion within any one resource category. For example, if the resource proposed as a Programmer Analyst – Java EE had 60 months of experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

Server (requirement R.5.4.2), and it was all using Struts, then this experience could be counted for both R.5.4.2 and R.5.4.3.

11. To demonstrate the procedure in allocating scores as described in the two preceding paragraphs, the following table provides an EXAMPLE, where it is assumed for simplicity that the resource has 18 months of valid experience for each of the criteria.

<b>EXAMPLE Criteria</b>	<b>EXAMPLE Rated Requirement for the Proposed Resource</b>	<b>EXAMPLE Max. Score</b>	<b>EXAMPLE Months Claimed</b>	<b>EXAMPLE Score</b>
<b>R.5.4.1</b>	Experience <u>beyond the mandatory requirement of sixty (60) months</u> in the IT Industry.	24	18	18
<b>R.5.4.2</b>	Experience <u>beyond the mandatory requirement of sixty (60) months</u> working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.	12	18	12
<b>R.5.4.3</b>	Experience with Struts	24	18	18
<b>R.5.4.4</b>	Experience with WebSphere 7.x/8.x	12	18	12
<b>R.5.4.5</b>	Experience with Rational Application Developer 7 or higher	24	18	18
<b>Total</b>	-----	96		78

12. The scores given for each resource within the resource categories will be entered into the table below in the Initial Resource Score column (Resource 1 - R1 and/or Resource 2 - R2), then the total initial score will be calculated (the average of R1 and R2), then multiplied by the Weight to achieve the Weighted Resource Score.

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

Criteria	Resource Category	Initial		Total Initial Score (Average)	Weight	Weighted Resource Score ("Initial Resource Score" multiplied by "Weight")
		R1	R2			
<b>Mandatory</b>						
R.5.1	A.1 Application/Software Architect - <u>Adobe Experience Manager (AEM) / LiveCycle</u> - Level 1		→		1.2	
R.5.2	A.7 Programmer/Analyst - <u>PL / SQL</u> - Level 1				1.0	
R.5.3	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1				1.0	
R.5.4	A.7 Programmer/Analyst – <u>Java EE</u> - Level 2				1.5	
R.5.5	A.7 Programmer/Analyst - <u>Adobe Experience Manager (AEM) / LiveCycle</u> - Level 2				1.0	
R.5.6	A.11 Tester - Level 1				1.5	
R.5.7	A.11 Tester - Level 2				1.5	
R.5.8	A.14 Web Developer - Level 1				1.0	
R.5.9	A.14 Web Developer - Level 2				1.5	
R.5.10	B.1 Business Analyst - Level 1				1.2	
R.5.11	B.1 Business Analyst - Level 2				1.2

R.5.28	A.12 Web Architect - Level 2		→		0.25	
R.5.29	A.15 Web Graphics Designer - Level 1		→		1.0	
R.5.30	A.15 Web Graphics Designer - Level 2		→		0.5	
R.5.31	A.16 Web Multi-media Content Consultant - Level 1		→		1.5	
R.5.32	B.1 Business Analyst - <u>Bilingual</u> - Level 1		→		0.5	
R.5.33	B.1 Business Analyst - <u>Bilingual</u> - Level 2		→		0.3	
R.5.34	B.5 Business Process Re-engineering (BPR) Consultant - Level 2		→		0.3	
R.5.35	B.14 Technical Writer - Level 1		→		0.5	
R.5.36	I.4 Database Modeller - <u>Oracle</u> - Level 1		→		1.0	
R.5.37	P.6 Project Administrator - Level 1		→		1.0	
R.5.38	P.7 Project Coordinator - Level 1		→		1.0	
<b>Total Weighted Resource Score</b>						

13. The two Rated requirements will be combined into a Total Rated Score by multiplying the total score for the Corporate Rated requirements and the total score for the Weighted Resource Rated requirements by a weighting factor, and then summing the result, as follows:

$$(\text{Rated Corporate Score} * 5\%) + (\text{Weighted Resource Score} * 95\%)$$

14. **BIDDERS ARE ADVISED THAT A PASS MARK OF 60% IS APPLIED TO EACH RESOURCE CATEGORY. FAILURE TO OBTAIN THIS PASS MARK WILL RESULT IN THE PROPOSAL BEING CONSIDERED NON-RESPONSIVE AND WILL NOT BE GIVEN FURTHER CONSIDERATION.** This

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

pass mark does not apply to each criterion of a resource category or to each resource individually, but rather to the total Maximum score for the resource category. In the example below, the total Maximum score is 60, so a pass mark of 36 (60% of 60) would apply. Resource 1 was awarded a total of 60 points and Resource 2 was awarded a total of 18 points for a Total Average Category Score of 39 which is 65 % of the total score of 60, meeting the pass mark. For resources proposed in optional categories, as well as for the mandatory M.4.1. Application/Software Architect - Adobe Experience Manager (AEM) LiveCycle, only the Initial Score will be used to calculate the pass mark, as only one resource may be proposed.

Tester - Level 1	Max Score	Initial Score		Category Score (Avg)	Category Percentage	60% Pass Y/N
		Resource 1	Resource 2			
R.5.6.1 Experience <u>beyond the mandatory requirement of forty-eight (48) months</u> in the IT industry.	24	24	12	18		
R.5.6.2 Experience <u>beyond the mandatory requirement of thirty-six (36) months</u> working with client/server or web architectures, technologies and tools on either Unix or Microsoft Windows Server.	12	12	6	9		
R.5.6.3 Experience <u>beyond the mandatory requirement of twenty-four (24) months</u> utilizing testing solutions/tools in a software testing environment.	12	12	0	6		
R.5.6.4 Experience with IBM Rational Functional Tester and Rational Quality Manager tools in a software testing environment.	12	12	0	6		
<b>Total for Category</b>	<b>60</b>	<b>60</b>	<b>18</b>	<b>39</b>	<b>65%</b>	<b>Y</b>

**15. BIDDERS ARE ADVISED THAT A PASS MARK OF 70% IS APPLIED TO THE TOTAL SCORE FOR ALL MANDATORY RESOURCE CATEGORIES AND COMPLETED OPTIONAL CATEGORIES COMBINED.** In other words, the score achieved for all 38 resource categories is summed, and divided by the sum of all 38 Maximum scores (less any optional categories not completed) and multiplied by 100%. If the result is less than 70%, the proposal will be considered non-responsive and will not be given further consideration. For example, if resources are proposed for all categories and the total score is 2975 points, this would be divided by the sum of all 38 Maximum scores (4866) and multiplied by 100% for a total percentage of 61.14%, which would be considered non-responsive. If resources were proposed for only the

## ANNEX F – REVISED January 19, 2016

### TECHNICAL EVALUATION PROCEDURES & CRITERIA

mandatory categories and the total score was 825, this would be divided by the sum of all 13 Maximum scores (1128) for the mandatory categories only and multiplied by 100% for a total percentage of 73.14%, which would be considered a pass. In a third example, if resources were proposed for all of the mandatory and only the first 3 optional categories for a total score of 1350, this would be divided by the sum of all 13 Maximum scores (1128) for the mandatory categories plus the sum of the Maximum scores for the 3 completed optional categories (444) for a total of 1572 then multiplied by 100% for a total percentage of 85.88%, which would be considered a pass.

16. Once the technical scores are finalized, the Total Evaluated Price will be calculated by multiplying the Bidder's proposed per diem rates for each of the three years by the "Estimated days per Year" (see "Basis of Payment" document for details), and then summing the products of those calculations. The "Estimated days per Year" is used for the evaluation process only, and is not intended to estimate the actual utilization under the contract.

17. For the purposes of bid evaluation, if there are no resources proposed for the optional categories, the following matrix will be used to determine the Firm per Diem Rate for the optional categories:

Optional Category	Maps to	Mandatory Category
A.1 Application /Software Architect – <u>Cognos</u> - Level 1	→	A.1 Application/Software Architect - <u>Adobe Experience Manager (AEM) / LiveCycle</u> - Level 1
A.1 Application /Software Architect – Level 2	→	A.1 Application/Software Architect - <u>Adobe Experience Manager (AEM) / LiveCycle</u> - Level 1
A.3 ERP Programmer Analyst - <u>PeopleSoft</u> - Level 1	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1
A.3 ERP Programmer Analyst - <u>SAP</u> - Level 1	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1
A.7 Programmer / Analyst - <u>C++</u> - Level 1	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1
A.7 Programmer / Analyst - <u>Cognos</u> - Level 1	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1
A.7 Programmer / Analyst - <u>PowerBuilder</u> - Level 1	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 1
A.7 Programmer / Analyst - <u>PowerBuilder</u> - Level 2	→	A.7 Programmer/Analyst – Java EE - Level 2
A.7 Programmer / Analyst – <u>Microsoft .NET</u> - Level 2	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 2
A.7 Programmer / Analyst – <u>PL/SQL</u> - Level 2	→	A.7 Programmer/Analyst – <u>Java EE</u> - Level 2
A.11 Tester - <u>Bilingual</u> - Level 1	→	A.11 Tester - Level 1
A.11 Tester - <u>Bilingual</u> - Level 2	→	A.11 Tester - Level 2
A.12 Web Architect - Level 1	→	A.14 Web Developer - Level 1
A.12 Web Architect - Level 2	→	A.14 Web Developer - Level 2

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

Optional Category	Maps to	Mandatory Category
A.15 Web Graphics Designer - Level 1	→	A.14 Web Developer - Level 1
A.15 Web Graphics Designer - Level 2	→	A.14 Web Developer - Level 2
A.16 Web Multi-media Content Consultant - Level 1	→	A.14 Web Developer - Level 1
B.1 Business Analyst - <u>Bilingual</u> - Level 1	→	B.1 Business Analyst - Level 1
B.1 Business Analyst - <u>Bilingual</u> - Level 2	→	B.1 Business Analyst - Level 2

P.6 Project Administrator - Level 1	→	A.11 Tester - Level 1
P.7 Project Coordinator - Level 1	→	A.11 Tester - Level 1

**M.2 Mandatory Corporate Requirements (M)**

1. All the requirements for each of the subsections in the following Table are mandatory requirements and must be completed by the Bidder.

**MANDATORY CORPORATE REQUIREMENTS  
(table to be completed by Bidders)**

Criteria	Mandatory Requirement for the Bidder	Meets Y / N	Reference / substantiation
<b>M.2.1.1</b>	Bidder must have provided resources, within a two (2) year period in the last four (4) years, such that at least 10 separate work assignments were begun by at least 5 different IT resources either on an “as and when requested” basis, or as tasks on a single contract. (The intent is that the Bidder show experience in allocating and managing resources in response to rapidly changing demands). Brief descriptions are required for the work of the contract.		
<b>M.2.1.2</b>	Bidder must have provided in a single previous contract within the last four (4) years, at least 6 IT resources in simultaneous engagements. Brief descriptions are required for the work of the contracts.		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

**M.3 Mandatory Requirements for Proposed Resources (M)**

1. All the requirements in the Tables of this section are mandatory requirements and must be completed by the Bidder.
2. The bidder is asked to duplicate the following tables, and ensure that there is a completed table for each resource proposed.

**M.3.1 A.1 Application/Software Architect - Adobe Experience Manager (AEM) / LiveCycle - Level 1**

**Name:** \_\_\_\_\_

Criteria	Mandatory Requirement for the Proposed Resource	Meets (Y/N)	Reference/ Substantiation
<b>M.3.1.1</b>	Minimum of forty-eight (48) months experience in the IT Industry.		
<b>M.3.1.2</b>	Minimum of thirty-six (36) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.1.3</b>	Minimum of twenty-four (24) months of experience working with Java EE, Oracle, SQL, Web Services (WSDL or REST), HTML and XML.		
<b>M.3.1.4</b>	Minimum of twelve (12) months of experience working with AEM/LiveCycle Services for Documents (forms, letters and other documents)		
<b>M.3.1.5</b>	Minimum of twelve (12) months of experience working with AEM/LiveCycle Process Management Development (including knowledge of the Workbench and designer tools, as well as the System Development Kit (SDK)) to integrate those technologies.		

**M.3.2 A.7 Programmer / Analyst - PL / SQL - Level 1**

**Name:** \_\_\_\_\_

Criteria	Mandatory Requirement for the Proposed Resource	Meets (Y/N)	Reference/ Substantiation
<b>M.3.2.1</b>	Minimum of forty-eight (48) months experience in the IT Industry.		
<b>M.3.2.2</b>	Minimum of thirty-six (36) months experience working with client/server or web architectures, technologies and tools on		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

	either UNIX or Microsoft Windows Server.		
<b>M.3.2.3</b>	Minimum of twenty-four (24) months of experience programming reports in Cognos/ERP systems.		
<b>M.3.2.4</b>	Minimum of twenty-four (24) months of experience programming extract, transform and load (ETL) software		

**M.3.3 A.7 Programmer / Analyst – Java EE - Level 1**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.3.1</b>	Minimum of forty-eight (48) months experience in the IT Industry.		
<b>M.3.3.2</b>	Minimum of thirty-six (36) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.3.3</b>	Minimum of thirty-six (36) months of experience programming in a Java EE environment.		

**M.3.4 A.7 Programmer / Analyst – Java EE - Level 2**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.4.1</b>	Minimum of sixty (60) months experience in the IT Industry.		
<b>M.3.4.2</b>	Minimum of sixty (60) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.4.3</b>	Minimum of sixty (60) months of experience programming in a Java EE environment.		

**M.3.5 A.7 Programmer / Analyst - Adobe Experience Manager (AEM) / LiveCycle - Level 2**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.5.1</b>	Minimum of sixty (60) months experience in the IT Industry.		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

<b>M.3.5.2</b>	Minimum of sixty (60) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.5.3</b>	Minimum of twenty-four (24) months of experience programming in a Java EE environment.		
<b>M.3.5.4</b>	Minimum of six (6) months of experience creating and modifying Adobe forms (in XDP format) using Adobe Designer by creating data validation scripts for form fields using JavaScript and accessing data in XML for field population and saving <b>and/or</b> creating and modifying Document Workflow Processes using Adobe WorkBench Integrated Development Environment.		

**M.3.6 A.11 Tester - Level 1**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.6.1</b>	Minimum of forty-eight (48) months experience in the IT Industry.		
<b>M.3.6.2</b>	Minimum of thirty-six (36) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.6.3</b>	Minimum of twenty-four (24) months of experience utilizing testing solutions/tools in a software testing environment.		

**M.3.7 A.11 Tester - Level 2**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.7.1</b>	Minimum of sixty (60) months experience in the IT Industry.		
<b>M.3.7.2</b>	Minimum of sixty (60) months experience working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.		
<b>M.3.7.3</b>	Minimum of sixty (60) months of experience utilizing testing solutions/tools in a software testing environment.

<b>M.3.11.3</b>	Minimum of sixty (60) months experience with presenting and demonstrating software applications to client stakeholder groups.		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

**M.3.12 C.16 PIA Specialist - Level 1**

Name: \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.12.1</b>	Minimum of thirty-six (36) months experience working in a Federal Government environment.		
<b>M.3.12.2</b>	Minimum of twenty-four (24) months experience conducting Privacy Impact Assessments (PIAs) and / or CORE Privacy Impact Assessments according to Treasury Board Policy and Directives.		
<b>M.3.12.3</b>	Minimum of twenty-four (24) months experience developing Privacy Risk Management Plans.		
<b>M.3.12.4</b>	Minimum of twenty-four (24) months experience developing recommendations as to possible risk mitigation strategies.		

**M.3.13 P.9 Project Manager - Level 1**

Name: \_\_\_\_\_

<b>Criteria</b>	<b>Mandatory Requirement for the Proposed Resource</b>	<b>Meets (Y/N)</b>	<b>Reference/ Substantiation</b>
<b>M.3.13.1</b>	Minimum of forty-eight (48) months experience in the IT Industry.		
<b>M.3.13.2</b>	Minimum of forty-eight (48) months experience as a Project Manager in the development of medium to large size application systems.		
<b>M.3.13.3</b>	Minimum of twenty-four (24) months experience working in a Government environment.		
<b>M.3.13.4</b>	Minimum of twenty-four (24) months experience conducting risk analysis.		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

**R.4 Point Rated Corporate Requirements (R)**

1. All the requirements in the Tables of this section are Rated requirements and should be completed by the Bidder.

**Point Rated Bidder Requirements:**

<b>Criteria</b>	<b>Rated Requirement for the Bidder</b>	<b>Max. Score</b>	<b>Claimed by the Bidder</b>	<b>Reference / substantiation</b>
<b>R.4.1.1</b>	For resources beyond the mandatory requirement of M.2.1.1 and M.2.1.2, score as 10 points per resource up to a maximum of 50 points. Bidder must state the TOTAL number of resources, using the Substantiation column.	50		
<b>R.4.1.2</b>	The number of different resources on work assignments within the last four years where those work assignments called for primarily Java EE expertise for a period of at least eight (8) weeks for each assignment. (Will be scored as 10 points per resource up to a maximum 20 points) Bidder must state the TOTAL number of resources, using the Substantiation column.	20		
<b>R.4.1.3</b>	The number of different resources on work assignments within the last four years where those work assignments called for primarily Application/Software Architect expertise for a period of at least eight (8) weeks for each assignment. (Will be scored as 10 points per resource up to a maximum 20 points) Bidder must state the TOTAL number of resources, using the Substantiation column.	20		
<b>R.4.1.4</b>	The number of different resources on work assignments within the last four years where those work assignments called for primarily Adobe Experience Manager (AEM) / LiveCycle Programmer/Analyst expertise for a period of at least eight (8) weeks for each assignment. (Will be scored as 10 points per resource up to a maximum 20 points) Bidder must state the TOTAL number of resources, using the Substantiation column.	20		
<b>R.4.1.5</b>	The number of different resources on work assignments within the last four years where those work assignments called for primarily Tester expertise for a period of at least eight (8) weeks for each assignment. (Will be scored as 10 points per resource up to a maximum 20 points) Bidder must state the TOTAL number of resources, using the Substantiation column.	20		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

<b>Criteria</b>	<b>Rated Requirement for the Bidder</b>	<b>Max. Score</b>	<b>Claimed by the Bidder</b>	<b>Reference / substantiation</b>
<b>R.4.1.6</b>	The number of resources that have experience working on Veteran Affairs Systems. Score as 10 points per resource per Veterans Affairs System, to a maximum of 100 points. Bidder must state the resource(s) and Veteran Affairs System(s) using the Substantiation column. See glossary for details of systems. Can be resources from M.2.1.1 and M.2.1.2.	100		
	<b>MAX. SCORE TOTAL</b>	230		

**R.5. Point Rated Requirements for the Proposed Resource Categories (R)**

1. All the requirements in the Tables of this section are Rated requirements and should be completed by the Bidder. **One point will be assigned for each month of experience.**
2. Where certification is requested, the points awarded will be given based on the validity of the certification and not the number of months that the resource has had the certification.
3. The bidder is asked to duplicate the following tables, and ensure that there is a completed table for each resource proposed.
4. Mandatory categories will have two resources assessed while optional categories will only have one resource assessed, with the exception of the mandatory categories R.5.1 Application/Software Architect - Adobe Experience Manager (AEM) LiveCycle which will have only one resource assessed.

**R.5.1 A.1 Application/Software Architect - Adobe Experience Manager (AEM) / LiveCycle - Level 1**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Rated Requirement for the Proposed Resource</b>	<b>Max. Score</b>	<b>Months Claimed</b>	<b>Reference/ Substantiation</b>
<b>R.5.1.1</b>	Experience <u>beyond the mandatory requirement of forty-eight (48) months</u> in the IT Industry.	24		
<b>R.5.1.2</b>	Experience <u>beyond the mandatory requirement of</u>	12		

**ANNEX F – REVISED January 19, 2016**

**TECHNICAL EVALUATION PROCEDURES & CRITERIA**

	<u>thirty-six (36) months</u> working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.			
<b>R.5.1.3</b>	Experience <u>beyond the mandatory requirement of twenty-four (24) months</u> working with Java EE, Oracle, SQL, Web Services (WSDL and REST), HTML and XML.	24		
<b>R.5.1.4</b>	Experience <u>beyond the mandatory requirement of twelve (12) months</u> working with the Adobe Experience Manager LiveCycle Services for Documents (forms, letters and other documents)	24		
<b>R.5.1.5</b>	Experience <u>beyond the mandatory requirement of twelve (12) months</u> working with the Process Management Development (including knowledge of the Workbench and designer tools, as well as the LiveCycle System Development Kit (SDK)) to integrate those technologies.	24		
<b>MAX. SCORE TOTAL</b>		108		

**R.5.2 A.7 Programmer / Analyst - PL / SQL - Level 1**

**Name:** \_\_\_\_\_

<b>Criteria</b>	<b>Rated Requirement for the Proposed Resource</b>	<b>Max. Score</b>	<b>Months Claimed</b>	<b>Reference/ Substantiation</b>
<b>R.5.2.1</b>	Experience <u>beyond the mandatory requirement of forty-eight (48) months</u> in the IT Industry.	24		
<b>R.5.2.2</b>	Experience <u>beyond the mandatory requirement of thirty-six (36) months</u> working with client/server or web architectures, technologies and tools on either UNIX or Microsoft Windows Server.	12		
<b>R.5.2.3</b>	Experience with logical and physical database schemas.	24		
<b>R.5.2.4</b>	Experience with PL/SQL	12		
<b>R.5.2.5</b>	Experience <u>beyond the mandatory requirement of twenty-four (24) months</u> programming ETL software.	24		
<b>MAX. SCORE TOTAL</b>		96
