Question 25

On page 4 of 5 of Amendment 001 dated 2016-01-14, you indicate that it is required to complete the "Level II Security Clearance with Public Safety Canada." After checking on the their website, we found the following security clearances :

"Security Clearance

A Security Clearance with a need-to-know is required before an employee may access Classified information, assets or secured sites no matter the length of the contract or assignment. The three levels of Security Clearances are Confidential, Secret and Top Secret and may include NATO clearances."

Please confirm if the Level II Security Clearance = level of Security Clearance Secret.

Answer : Level II correspond to Secret Level of Public Safety Canada and the Canadian Security Intelligence Service (CSIS).

For a Level II Security Clearance with CSIS, one must fill in forms 330-23 and 330-60, and go through an interview process.

However, neither a Reliability Status nor a Level II Security Clearance from PWGSC's Industrial Security will be accepted by CSIS.
