This amendment 003 is raised to answer questions from potential bidders.

All other terms and conditions remain the same.

Question	Document	Ref. Page	Section	Question	DND Response	Revision to RFP
16	RFP	13 of 26	6.A.2.1(i)	Per numbered item 6.A.2.1 (j)(i), the trial samples for the "Item 9 - Soft-Shell Pant" is required in MultiCam. We would like to request an amendment that permits the submission of the Soft Shell Pants in our Earth Tone color.	In order to fully evaluate the deliverable, the trial samples must be provided in the colour scheme MULTICAM, which is the only colour for that line item. Providing the pants in Earth Tone is not acceptable.	Nil.
17	Annex C	1/2 of 23	2.2	<p>1. CORELOFT: CLO factor will be useful as a comparable value.</p> <p>2. The GORE-TEX WBFX175607CZ, WBLR175120, AND WNSX000607, GORE-TEX PRO JSD000600GRN: to Certify that our product performs similar or better than the two GORE-TEX products, we need to have their technical specification to have a parameter of comparison against our development. The information provided in the page 23-24 is insufficient as a reference. ASTM methods?</p> <p>3. LUMINARA: a precise acceptable minimum value for air permeability and water repellency is needed to compare with our development.</p> <p>4. POLARTEC POWER STRETCH WITH HARDFACE technology: parameters and values for high breathability and moisture wicking are required. In addition, the minimum cycles for abrasion resistance.</p>	<p>DND is not in a position to release proprietary technical information on a product for which it does not own the Intellectual Property. If a Bidder intends to offer a product that is equivalent to the one specified, it is up to the Bidder to provide a Certificate of Compliance (written statement) that guarantees the substitute product is fully compliant with, or superior to, the specification of the material referenced. As stated in the Compliance Matrix (Annex D), the Weather Protective Clothing system being offered must be based upon a Commercial-Off-The-Shelf (COTS) or Military-Off-The -Shelf (MOTS) product.</p>	Nil.

				<p>5. THERMATEK: a CLO factor will be useful as a comparable value.</p> <p>6. TWEAVE DURASTRETCH: Value for repellent finish test, % of shrinkage in both directions?</p> <p>7. WATERTIGHT: we are needing information about this test standard and with which international standard is comparable.</p>		
18	Annex C	1/2 of 23	2.2	When you write Weather repellent finish you meant water repellent finish?	Weather repellent is the correct term as it refers to the ability to repel water, snow, sleet, etc., not just water.	Nil.
