ANSWERS TO QUESTIONS

1. **QUESTION**

The reason that I contact you is to try to find out if you know the contact person for some questions about your existing Automation system

I try to find out if you have already automation system installed because if so, then there is perhaps no chance to add another control system for this expansion

However if your research and development centre would consider to upgrade to a more sophisticated automation system then it would make more sense for us to get involved

ANSWER

Automation system as stated in the Specifications is the only automation system that will be considered for this Work. The existing system is in working order and the continuation of this system will be required in the extension.

2. **QUESTION**

What is the make and manufacture of the GREENHOUSE CONTROL SYSTEM currently installed in the existing adjacent greenhouse?

ANSWER

Refer to Section 13 35 13 Clause 1.8.1 for the identification of the designated supplier, for the extension of the existing system as 'Argus Control Systems Ltd'.
