PART 1 - GENERAL INFORMATION

1.1 Statement of Work

Canada requires hotel accommodations of approximately 400 rooms daily in the city of Vancouver, for a capacity to accommodate approximately 1,200 refugees per night; as follows:

Greater Vancouver area, Lower Mainland of British Columbia – within a 60km radius of Vancouver International Airport (distances measured using Google Maps);

Canada requires meals to be provided for each hotel guest, together with provisioning of associated support services to assist in providing the refugees with a comfortable and safe residential environment until they travel onwards to their final settlement destinations in Canada.

For more details, a detailed Statement of Work is available at Annex A – Statement of Work.

1.2 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.3 National Security Exception

The national security exceptions provided for in the trade agreements have been invoked; therefore, this procurement is excluded from all of the obligations of all the trade agreements.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2015-07-03) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions:

For the purposes of this clause, "former public servant" is any former member of a department as defined in the Financial Administration Act, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the Public Service Superannuation Act (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c. C-17, the Defence Services Pension Continuation Act, 1970, c. D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c. R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c. R-11, the Members of Parliament Retiring Allowances Act, R.S. 1985, c. M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension:

As per the above definitions, is the Bidder a FPS in receipt of a pension? Yes () No ()

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? Yes () No ()

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than one (1) calendar day before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in British Columbia.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that Bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (one hard copy)

Section II: Financial Bid (one hard copy)

Section III: Certifications (one hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that Bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, Bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

In their technical bid, Bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Applicable Taxes must be shown separately.

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

As specified at Annex D – Evaluation Criteria – Mandatory Requirements

4.1.2 Financial Evaluation

SACC Manual Clause A0220T (2014-06-26), Evaluation of Price

4.2 Basis of Selection

- (a) A bid must comply with the requirements of the bid solicitation and meet all mandatory evaluation criteria to be declared responsive. Bids not meeting all of the mandatory requirements will be considered non-responsive and given no further consideration. Multiple contracts will be awarded from this solicitation.
- (b) Bids received will be assessed separately. Responsive bids will be ranked in order of Total Bid Price, from lowest to highest. Canada will list against each Bidder, the number of rooms being offered per night. Canada will recommend for award of a contract as many bids as needed, starting with the bids with the lowest Total Bid Price, until total number of rooms per night being offered amongst bids is equal to or higher than the total number of rooms per night required for the region in question. The number of rooms required per night is 400.

Example:

Responsive bids ranked by lowest Total Bid Price	Number of Rooms offered by Bidder	Cumulative number of rooms
Bidder 1	100	100
Bidder 2	170	270
Bidder 3	140	410
Bidder 4	130	540
Bidder 5	100	640

In the above scenario Bidders 1 to 3 would be recommended for award of a contract.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Declaration of Convicted Offences

As applicable, pursuant to subsection Declaration of Convicted Offences of section 01 of the Standard Instructions, the Bidder must provide with its bid, a completed Declaration Form (<http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaire-form-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – List of Names

Bidders who are incorporated, including those bidding as a joint venture, must provide a complete list of names of all individuals who are currently directors of the Bidder.

Bidders bidding as sole proprietorship, as well as those bidding as a joint venture, must provide the name of the owner(s).

Bidders bidding as societies, firms or partnerships do not need to provide lists of names.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

ANNEX A – STATEMENT OF WORK

Syrian Refugee Medium to Long-term Hotel Accommodation Services in support of the Syrian Refugee Resettlement Process for the Government of Canada.

1. Requirement

Canada requires hotel accommodations of approximately 600 rooms daily in the city of Vancouver, for a capacity to accommodate approximately 1,800 refugees per night; as follows:

Greater Vancouver area, Lower Mainland of British Columbia – within a 60km radius of Vancouver International Airport (distances measured using Google Maps);

Canada requires meals to be provided for each hotel guest, together with provisioning of associated support services to assist in providing the refugees with a comfortable and safe residential environment until they travel onwards to their final settlement destinations in Canada.

2. Background

Canada has undertaken to settle 25,000 Syrian refugees. The process for refugee resettlement began in mid-December 2015, with 10,000 arriving in Canada before December 31, 2015, and the remaining anticipated to arrive in Canada between late February and early March, 2016. These individuals will all arrive at either Toronto's Lester B. Pearson International Airport, or Montreal's PE Trudeau International Airport; following which in-Canada air and ground transportation will assist individuals and families to relocate to their final settlement destinations.

For those who will be re-locating to other settlement destinations across Pacific Region, refugees will require medium to longer-term accommodation from their transfer to Vancouver until accommodations arrangements are finalized at their final settlement destinations in Pacific Region. This medium to longer-term accommodation will include a standard hotel room, as well as an appropriate number of meals for each person, and associated residential support services, depending on the length of stay. Time of arrival and departure will vary, with some guests arriving late at night and others leaving in the early hours of the morning for onward transportation (e.g. in Canada flights, train, etc.). It is anticipated that refugees will require at least three (3) to approximately 30 nights' accommodation (or more) before their continued travel.

Accommodation is required to be proximate to Canada's Service Provider Organizations (SPOs) in the Greater Vancouver area as well as Vancouver's International Airport to facilitate logistics and access to services.

2.1 Terms and Acronyms

The following list of terms and acronyms is meant to assist in interpretation of this Statement of Work.

Term / Acronym	Definition
Contracting Authority	The Contracting Authority will be the sole authority on behalf of Canada for the administration and management of this Contract
Contractor	A person or an organization who was awarded a contract by the Contracting Authority
IRCC	Immigration, Refugees and Citizenship Canada.
Project Authority	The officer or employee of Canada who is authorized by the Minister to perform any of the Project Authority's functions as described in the Articles of Agreement. The Project Authority or his/her delegate is responsible for all matters concerning the technical content of the work against the Contract.
Refugee	An individual arriving as a refugee to Canada. IRCC anticipates that most refugees will consist of family groups of approximately 3-4 persons.
Representative	Means the Project Authority or delegated employee of Canada, or, in Vancouver, an IRCC authorized representative of one (1) of Canada's authorized Service Provider Organizations.
SPO	Service Provider Organization – supporting Canada in the settlement of refugees in Canada.

3. Tasks and Scope of Work

3.1 Bookings and Volume of Rooms

The Contractor must reserve a block of rooms for Canada as indicated in Basis of Payment - Annex B (with the minimum being 100 rooms per night each available for a minimum of three (3) nights) on a continuing basis.

Canada will confirm how many rooms and the length of stay (number of nights/number of weeks) per room it anticipates requiring by at least 6 p.m. five (5) days ahead of the scheduled occupancy date of the refugees, at which point the Contractor may release any excess rooms for general booking. Rooms released from Canada's reserved block of rooms will be at no cost to Canada.

If Canada does not contact the Contractor to confirm how many rooms it anticipates requiring for a given night, by at least 6 p.m. five (5) days ahead of such night, the Contractor may release all the rooms that were in the reserved block for Canada for that night.

Due to unforeseen events (e.g. travel delays), it is possible that the number of refugees requiring accommodation in Vancouver may vary; therefore Canada may require less than the number of rooms confirmed to the Contractor at the five (5) days prior to the occupancy date. In these circumstances, the following applies:

For block reservations:

Canada may notify the Contractor by at least 6 p.m. two (2) days in advance of the anticipated occupancy date of refugees of the need to reduce the number of confirmed rooms. Canada will pay 100% of the number of confirmed rooms cancelled for a maximum of three (3) nights.

Canada anticipates standard occupancy will be for up to four (4) people, which may include children of various ages. When confirming a block of rooms, Canada will inform the Contractor of specific requirements, such as accessible room requirements, crib requirements, or other special requirements such as cots. Canada will also inform the Contractor of the anticipated length of stay.

Example:

As part of its bid, supplier offered to reserve a block of 100 rooms per night.

Block of rooms secured for Canada, by the Contractor = 100 rooms per night.

For night of Feb. 20, 2016: Number of rooms confirmed by Canada at least five (5) days ahead of arrival date (by at least 6:00 p.m. on Feb. 15, 2016) = 75 rooms.

Scenario 1: Two (2) days in advance of arrival date (by 6p.m. on Feb. 18, 2016), Canada notifies Contractor that the number of rooms required for night of Feb. 20, 2016 is now 50 rooms. In this scenario, Canada will pay contractor for the 50 rooms for the confirmed length of stay, plus 25 additional rooms for up to three (3) nights.

Scenario 2: Two (2) days in advance of arrival date (by 6p.m. on Feb. 18, 2016), Canada notifies Contractor that the number of rooms required for night of Feb. 20, 2016 is now 40 rooms. In this scenario, Canada will pay contractor for the 40 rooms for the confirmed length of stay, plus 35 additional rooms for up to three (3) nights.

3.2 Room Requirements

Each room must have, at a minimum:

- A fully functioning standard washroom.
- Sufficient lighting for the entire room, including bathroom and any adjoining areas.
- A telephone.
- Sufficient linens such as bedding, towels, pillows, and other linens as required for the number of occupants.
- Any other furniture or other features in order to meet industry and/or the Contractor's standards such as chairs, a desk, etc.

Two thirds of the rooms must have at a minimum two (2) double beds.

Cribs may be required in one (1) or more rooms for each night a set of bookings is made. The Contractor must ensure that a sufficient number of cribs is available, as required.

Canada anticipates a requirement for a number of rooms located on the ground floor of the facility or that may be easily accessed by guests without requiring use of stairs. Canada also anticipates some requirement for fully accessible rooms for some individuals in wheelchairs or with other mobility difficulties. This includes, but is not limited to, accessible room entry, and fully accessible washroom facilities available in the guest's room. The Contractor must undertake best efforts to provide easily

accessed rooms and fully accessible rooms, as required, to comfortably and safely accommodate all confirmed guests.

The Contractor must ensure that additional room services or features typically available for rent, such as, but not necessarily limited to, in-room mini-bars, rental television channels, long-distance telephone service, or other such for-pay services, are not available in rooms rented by Canada, unless specifically authorized by IRCC.

The rooms, including standard room linens must be cleaned and maintained on a daily basis, in accordance with industry standards, at no additional cost.

3.2.1 Rooms for Representatives of Canada

Canada anticipates having a minimum of two (2) Representatives on site 24 hours a day, 7 days a week, for the duration of refugee bookings by Canada. The Contractor must provide one (1) standard room (as described in 3.2, above) for each of the Representatives (for example, for two (2) Representatives, two (2) separate rooms will be required). At Canada's option, the Contractor must provide one (1) additional rooms per each additional Representative. Canada will confirm at time of booking how many Representatives will require accommodations and the length of stay.

The Contractor must have a business centre available for use by on-site Representatives from Canada, providing printing services and fax reception. Wi-Fi must be available to Canada's onsite Representatives. Such services must be included within the cost of the room(s) for Canada's Representatives.

Should no bookings be confirmed at the Contractor's facility for a given night, Canada reserves the right to cancel these rooms, following the procedure described in 3.1 above. In addition, Canada reserves the right to maintain booking of these rooms regardless of the number of refugees staying at the Contractor's facility.

3.3 Facility Requirements

The Contractor's facility must:

- Be fully accessible for individuals with impaired mobility, with a working elevator available at all times, and some blocks of rooms not requiring access by stairs.

- Have onsite parking available for daily (non-overnight) use by other IRCC employees and other Representatives for Canada, and visitors.
- Have a restaurant onsite for use by guests.
- Be cleaned and maintained on a regular basis.
- Have facility personnel available on a 24/7 basis (e.g. concierge / front desk).
- Provide 24/7 security services, as described herein.

3.3.1 Meeting Rooms

The Contractor must provide one (1) meeting rooms for use by Canada with a capacity to comfortably seat for 20-30 people or more.

Upon request by Canada and upon availability, the Contractor agrees to provide up to (2) additional meeting rooms, for use by Canada and its representatives to provide programming for adults and children

or other complementary uses, as determined by Canada. Additional meeting rooms must have the capacity for at least 20-30 people comfortably seated.

When reserved by Canada, these additional meeting rooms must be for Canada's use on a continuous basis between the hours of 06:00 to 22:00 (inclusive) for all days that they are booked.

When the meeting rooms are booked for more than one day, the Contractor must provide its regular daily cleaning service for the meeting rooms when the rooms are not in use by Canada (outside of the hours of 06:00 to 22:00).

The Contractor must confirm any room set-up requirements (e.g. to provide any tables and chairs, if required etc.) with IRCC's representatives (being IRCC personnel and authorized representatives of IRCC's SPOs) and, if required by IRCC, must ensure the room(s) is/are set-up with the required tables and chairs prior to the next day of Canada's use of the room(s).

The Contractor must ensure that, upon request by Canada:

- Standard tables are set-up on which Canada may place material.
- Where required by Canada, signage space is provided in order for Canada to place signs and/or other information for direction of guests. This may include provision of an easel on which to place a sign, or similar arrangement.
- Where required by Canada, there is sufficient seating in the meeting room(s). It is anticipated that the room arrangement shall be auditorium style, with chairs facing the front of the room and space at the front for a speaker/presenter. The seating in the room should provide for the maximum seating capacity for this configuration.
- Where required by Canada, water must be available for guests and Canada's Representatives. This may be bottled water, from a water cooler, or in water pitchers, with sufficient glasses for all guests. Note that if water is provided in a pitcher, it must be replaced with fresh water prior to each meeting held.

It would be beneficial to Canada, for the Contractor to make a phone available in each meeting room provided at no additional cost to Canada.

Canada anticipates that one (1) or more of the meeting rooms may be used as a temporary medical clinic. Canada's service provider(s) will deliver, set-up, tear down and remove all equipment and medical supplies and waste associated with such usage.

3.3.2 Other Requirements

Should the Contractor have standard facilities available to guests at no additional costs, such as areas for children's activities, a pool, fitness centre, Wi-Fi (in rooms or at hotspots) etc., these should be made available to all refugees at no additional cost to Canada.

3.4 Meals

The Contractor must provide meals for all refugees booked by Canada at their facility. The Contractor must provide an appropriate number of meals for the length of stay of the refugees. This must include up to three (3) meals a day (as consumed at the guest's option) with access to appropriate meals between 6am and 10pm. The Contractor must provide an appropriate (cold) boxed meal in the event of flight delays, or arrivals after 10 pm. Consequently, it is expected that the Contractor will make available, to refugees staying at its hotel, each type of meal within the following timelines:

Notwithstanding the above, Canada will reimburse the Contractor per person per meal as described in Annex B Basis of Payment.

Note that it would be beneficial to Canada, for the Contractor to have halal meal options available for refugees. The Contractor should support any specific meal requirements of refugees as much as possible. For refugees with extended stays at the Contractor's facility, the Contractor is encouraged to diversify its menu, at no additional cost.

- Late check-in service for refugees arriving overnight or at 'non-standard' times.

- The Contractor's standard shuttle services for use by Canada to arrange refugees to have transportation to a point of departure, such as the airport or train station, as required.

The Contractor must provide the following services:

- a) A minimum of two (2) porters must be available upon arrival / departure of refugees when the number of arrivals or departures for rooms confirmed / retained by Canada, by at least 6pm two (2) days in advance of the anticipated arrival date of refugees, is 25 or more.
