A13: No cancellations only.

Q14: If the end user contacts the contractor and notifies them during the rental period that the equipment is not required for the full time that was requested on the Call up, is the end user still responsible to pay for the full amount originally requested on the call up.

Q19: If transportation of the required equipment is provided by the contractor and not an outside freight company, what is required as support to the invoice for freight/delivery costs? As a contractor, items such as fuel, accommodations, wages wear and tear etc. are all involved in our cost.

A19: It is expected that the contractor delivers to the base and if a request is to deliver to other than base Edmonton, the contractor will provide the cost of delivery on a separate invoice to be negotiated at the time of request.
