Amendment #4 of Solicitation 201604781 has been issued to respond to **Questions and Answers – Part 4**, and **Request for Alternative Products and/or Materials – Part 3**.

**Questions and Answers – Part 4:**

Q29 – The requirement is for 1 1/2" rigid insulation on all exterior walls; however, only Hardi Board siding can be installed for rigid insulation over 1". Please clarify.

*A29 – The 1.5" rigid insulation has vertical 1.5 inch strapping every 2 feet; approximately. The Hardi Board siding can be fastened solidly on the strapping through the air and water house wrap which is fastened right to the OSB sheathing and structural framing.*

Q30 – Is Air Conditioning included in this requirement?

*A30 – No.*

Q31 – Do the exterior doors get storm doors as well?

*A31 – Yes. See Specification 08A (3).*

Q32 – Do exterior doors get windows in the slab?

*A32 – Yes. See Specification 08A (3).*

Q33 – In Coronach specifically, there is only 1 sewer and water service into lots 2 and 3. Is it acceptable to service both sides off the duplex off of one 4" sewer line and 1 - 3/4" water line?

**Note:** I've confirmed with the town of coronach that they will accept this. There would still be a water meter for each side. The only other option to have two separate waterlines is digging up the newly paved street and tying a new service into the main. The town will not cover any of these costs.

*A33 – In Coronach, feed the building with one 4 inch sewer line and one 1.75 inch waterline, both units are to be separately metered.*

Q34 – In Coronach, it appears that the yard of the existing RCMP single family dwelling to the south encroaches into lots 2 and 3 of the duplex by approximately 15'. Fencing and a garden shed will need to be relocated. Should the tender include costs involved in relocating the shed and demo of fence?

*A34 – No, do not include this. This matter will be handled separately.*

Royal Canadian Mounted Police

Gendarmerie royale du Canada

Q35 – Do we leave the bid amount blank for the project locations we are not interested in bidding?

*A35 – Yes, you can leave them blank, or enter “n/a”.*

**Request for Alternative Products and/or Materials – Part 3:**

Request 6 – Justin Iversen – DSI Contracting – Bakor Dampproofing Concrete Foundation, Taymor Door Hardware, and River Rock.

*Response 6 – Bakor dampproofing is not approved, as no brush or spray on products is allowed. Taymor Door Hardware is not approved for security / consistency reasons. 0.75 Crushed rock (clean) would be approved, only where River Rock is not available.*

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
