AMENDMENT 001

The purpose of this amendment is to:

Part A) Respond to bidder's questions:

Question 1: I suggest that the wire rope length (21m) specified for the crane is too short.

When fully extended in the a near vertical position, approximately 36m of rope will be required to reach from the winch to the boom tip and down to the ground. That is in a single line application.

We plan to propose a winch with 49m of rope.

Answer 1: I concur with longer wire rope. Please see Item 2.11.6.

Part B) Revise the following:

1) At Annex "A" Specification – Parks Canada, Item 2.11.6

Delete:

2.11.6	Integral hydraulic winch, minimum 2359 kg (5200lbs) capacity on single line complete with 21m (70ft) of 9.5mm (0.375 in) non rotating steel cable, load hook with minimum capacity of 4 tonnes (4.5 tons), downhaul weight and sheave block for two part line.
--------	--

Replace with:

2.11.6	Integral hydraulic winch, minimum 2359 kg (5200lbs) capacity on single line complete with minimum 21m (70ft) of 9.5mm (0.375 in) non rotating steel cable, load hook with minimum capacity of 4 tonnes (4.5 tons), downhaul weight and sheave block for two part line.
--------	---

ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR PROPOSAL (RFP) REMAIN UNCHANGED.
