This amendment 003 is raised to provide a response to a supplier enquiry. The question and response are provided as follows:

=====

Question: In section 3.1 you call for:

1 HP router motor
Heavy duty 3hp router motor 3HP minimum

Just to clarify. Any flatbed cutter will only have one(1) router. Since you want to cut thick heavy materials you need the 3HP router.

It just seems like you are asking for two separate router motors on the same cutter....1 HP and 3HP heavy duty.

Response: We require both routers. They are 2 separate motors interchangeable the 1hp router for light duty material such as decals etc. and the 3hp is for thicker and harder materials such as MDF.

=====

Question: In Annex A, point 3.1 Equipment

It is stated: Set of additional knife. Can you clarify if they are blades for knives mentioned above in point 3.1 or whether they are knives for particular types of cutting eg. knife to cut V etc.

Response: The extra knife kit is not those mentioned above in annex 3.1 they are a (Starter Kit).

=====

Question: Also, it is stated: Contract of service support. Can you tell if it comes to contract me for service visit with a predetermined number of visits or if a service contract in case of breakage and call for service should be included in the annual contract.

Response: The table cutter should come with 1 year part and labour warranty in case of brakeage as a regular contract service.

=====

All other terms and conditions remain unchanged.
