1. The National Gallery of Canada currently has some form of SharePoint in use, what version of SharePoint are you currently using, and what level (Standard, Enterprise) is it? Would the National Gallery be open to the use of SharePoint as their new CMS in order to reduce the cost to purchase a new CMS and allow for easier integration between systems?
 - The National Gallery of Canada is using the 2013, Enterprise version. We have not excluded any CMS option and is open to all proposals. All recommendations for CMS will be assessed with the same criteria.

2. Can we request a 1 week extension on the due date for this RFP?
 - The NGC will not be extending the deadline for submissions.
