Amendment number 004 to Request for Proposal (RFP) W8486-151553/B, which closes March 3, 2016 at 2:00 pm, is raised to:

1. Incorporate into the solicitation the following questions and answers, as provided by the Technical Authority at National Defence.

Question 1:

Manufacturer (ZF FRIEDRICHSHAFEN AG) claimed to us that these part numbers aren't listed in their systems.

They claimed that “ these numbers may be OEM or OE proprietary numbers. If these torque rods are attached to a ZF axle, then please provide the axle type plate information located on the axle housing. Providing the OEM make and model may also be helpful”.

Answer to question 1:

The part numbers are listed correctly as Part# 065360009606 from ZF. These parts are used with Steyr designed off-road axles on a military application and not ZF axles. Commercial cross-referencing in relation to this application does not work since the end user vehicle is not commercial, but military in nature.

2. Extend the solicitation period to March 17, 2016.

All other terms and conditions of the Request for Proposal remain unchanged.
