

The following amendment is made to the Nature of Requirement NPP.

Delete:

BASIS OF SELECTION- Highest combined rating of Technical Merit (70%) and Price (30%).

Insert:

BASIS OF SELECTION- Highest combined rating of Technical Merit (70%) and Price (30%) per stream.

Delete:

To be declared responsive, a bid must:

- a. comply with all the requirements of the bid solicitation; and
- b. meet all of the mandatory criteria; and
- c. obtain the required minimum number of points for the streams' technical evaluation criteria which are subject to point rating.

Bids not meeting (a) or (b) or (c) will be declared non-responsive.

Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bids with the highest combined rating of technical merit and price per resource level will be recommended for award of a contract in the following percentages of a contract amount:

- i. Highest ranked responsive combined ratings of technical merit and price: 45%
- ii. Second ranked highest responsive combined ratings of technical merit and price: 30%
- iii. Third highest responsive combined ratings of technical merit and price: 25%

Insert:

To be declared responsive, a bid must:

- d. comply with all the requirements of the bid solicitation; and
- e. meet all of the mandatory criteria for the stream; and
- f. obtain the required minimum number of points for the streams' technical evaluation criteria which are subject to point rating.

Bids not meeting (a) or (b) or (c) will be declared non-responsive.

Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bids with the highest combined rating of technical merit and price per stream will be recommended for award of a contract in the following percentages of a contract amount:

- iv. Highest ranked responsive combined ratings of technical merit and price: 45%
- v. Second ranked highest responsive combined ratings of technical merit and price: 30%
- vi. Third highest responsive combined ratings of technical merit and price: 25%
