AMENDMENT 006

The purpose of this amendment is to:

Part A) Respond to bidder's questions:

Question 1: At 2.11.3 could you clarify "may have manual extensions after 59 ft."

Do you want manual extensions, do you want a price only, or is this mandatory what length do you want.

Answer 1: If the crane comes standard with an extension we would like it. If it does not come standard, it is not mandatory.

Question 2: Section 2.11.17: states "If required, fifth leg at front for full load ahead of truck. (Cab)
Based on the standard configurations, the cranes rarely operate at full capacity over the cab of the truck for safety reasons. What would the normal operation "over the cab" be used for?

Answer 2: We frequently lift ahead of cab due to our tight lifting locations. We require full lifting capacity ahead of cab. (In other words 360 degree full lifting capacity) if a fifth leg is required to enable crane to lift full capacity ahead of cab then it is mandatory.

Question 3: After the stability calculations, we are able to achieve full stability over the cab, but we would need to know what load/payload are being carried on the truck as well?

Answer 3: The truck does not carry a payload prior to beginning lifting.

Part B) Revise the following:

A) Extend the solicitation closing date of the Request for Proposal.

From: 15 March 2016 at 2:00 p.m. EST.

To: 15 March 2015 at 2:00 p.m. EDT.

ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR PROPOSAL (RFP) REMAIN UNCHANGED.
