This amendment is raised to revise the closing date of the RFSO, to respond to the questions received from the industry, to provide a new version of Annex B - Offeror's Representation Table and to submit a new version of the Electronic Financial Offer Template

Important notice:

No more questions will be accepted for this RFSO. Please note that if discontinued items are still appearing in the latest version of the EFOT, the items will be deleted from the EFOT after bid closing.

Questions and answers:

Question no 1:

Can you also confirm that the number of items in the SIST submission can be less than 500? We have identified some gaps in the offering in the EFOT, however, I think most suppliers would struggle to find 500.

Answer no 1:

As mentioned at the Appendix 1 – General Instructions – Supplementary Items Submission Template

“Offerors may propose a list of up to 500 supplementary items with their offer”

Question no 2:

In order to fill the gap with unlisted items, bidders will be forced to use third party distribution sources and in some cases these wholesale distribution sources are monopolies. These third party distribution sources can choose to discontinue items even though the items are still available from the manufacturer and they have no accountability to the bidder and PWGSC

Will Canada accept evidence (letter, email or web comments) from third party distributors of "unlisted sku's" when they discontinue sku's even though the sku has not been discontinued by the manufacturer?

Answer no 2:

No
