**This amendment 004 is being raised to answer questions from potential bidders that came up during the site visit on March 15, 2106 as follows:**

Q8: Do you still want 3 pick-ups per week, regardless of the bin sizes chosen by the contractor?

A8: Yes.

Q9: The Statement of Work states that DND might be putting in bins of their own at some point during the contract period – what type of bins might they put in?

A9: Bins for cardboard, that are front-load in design, are 4-6 yard in capacity, with a front slot.

Q10: Collection of recycling must be done by hand – why is that?

**A10: Due to the nature of the work environment, there is an inherent risk of other streams of waste finding their way into the recycling bins.**

Q11: Are personnel required to inspect the recycling at collection time?

**A11: Yes, and that applies to paper and plastic as well.**

Q12: Do the cardboard bins need to be beige in color? Can they be another color, and just have the appropriate labelling?

**A12: No, the bins cannot be another color; they need to be beige in color.**

Q13: How long has the incumbent had their bins on site?

**A13: Five years.**

Q14: Do you ever move the bins?

**A14: Yes, if necessary.**

Q15: Do the incumbents bins remain in good shape?

**A15: They are in “fair” shape.**

Q16: Would you allow for front-load recycle collection in Shearwater?

**A16: No.**

---

Q17: What is the anticipated start of the new contract?

**A17: Approximately 14 May 2016.**

Q18: Do you require the weighing in/out for recycling?

**A18: Yes, but strictly for tracking purposes only.**

Q19: We are required to weigh in/out in the Dockyard?

**A19: Yes, and the same applies to Willow Park, Windsor Park, and Shearwater.**

Q20: Would 6 yard bins be conceivable for laydown areas?

**A20: Yes.**

Q21: What is the closing date for the bid solicitation?

**A21: 22 March 2016.**

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
