THE FOLLOWING AMENDMENT TO THE TENDER DOCUMENTS IS EFFECTIVE IMMEDIATELY. THE AMENDMENT SHALL FORM A PART OF THE CONTRACT DOCUMENTS.

THIS AMENDMENT #2 CANCELS AND SUPERSEDES THE PREVIOUS AMENDMENT #1 DATED MARCH 17, 2016 FOR SOLICITATION NUMBER 5P300-15-5888/A.

1. The solicitation closing has been extended to Wednesday, March 30, 2016 at 2:00 p.m. EDT.

If you have already submitted your bid, you are invited to send us your revisions, where necessary, by fax to 1-877-558-2349. Please indicate the number of the invitation to tender on all correspondence.

2. Revisions to the Specifications

DSP 3.zip cancels and supersedes the previous DSP 2.zip posted March 17, 2016 for solicitation number 5P300-15-5888/A.

3. Questions and Answers

Q1: Will Parks Canada be handling the materials testing (concrete/aggregate) as well as the approval of the underlying foundation for the concrete footings on the structural plate arch?

A1: Parks Canada Agency shall be responsible for material testing (granulars and concrete). Underlying foundation has to be confirmed by an engineer obtained by the Contractor as stated within the notes on Drawing S01

Q2: If this is left at the responsibility of the Structural plate designer we have to get a price for a qualified 3rd party representative to be on site to carry out this testing?

A2: All backfill materials will be tested by Parks Canada Agency. Materials shall be tested based on specified backfill specification from the pipe supplier.

Q3: Also, please confirm that we are not required to handle aggregate testing/certification for the Corrugated Steel Pipe Culverts.

A3: All aggregate testing shall be completed by Parks Canada Agency.

Q4: What areas are to be Hydro Seeded?

A4: Contractor to assume all areas of construction to be seeded for slope stabilization/roadway embankments

Q5: Can the hydro Seeding be completed, for example a biweekly basis after 10 plus small areas or a large area is ready to be Hydro Seeded?

A5: Hydroseeding to be carried out as per Section 32 92 21 – Hydroseeding, 1.4.2.

Q6: How much Topsoil is required 100 mm thick 150 mm thick?

A6: No Topsoil is required

Q7: July is a very dry month and not recommended for Hydro Seeding therefore can it be completed before and after July month?

A7: If supplier recommends no placing of seed during this period an exception will be made. However, Contractor shall responsible for any reshaping of the embankment and environmental protection/mitigation until completed.

4. Appendix 1 Price Form has been replaced.

Delete: Appendix 1 Price Form
Replace with:

Canada requires the attached revised Appendix 1 Price Form dated **March 23, 2016 be used and received before the solicitation closing date and time. Failure to submit the revised Appendix 1 Price Form will result in your bid being deemed non responsive.**

If you have already submitted your bid, you are invited to send us your revisions by fax to 1-877-558-2349. Please indicate the number of the invitation to tender on all correspondence.

By submission of its tender, the Tenderer confirms that it has read and understands the requirements expressed in all addenda and has included all costs of these requirements in its Total Tender Amount.

All other terms & conditions remain unchanged.

APPENDIX 1 PRICE FORM

**** AMENDMENT # 2 23/03/2016 ****

- 1) The prices per unit shall govern in establishing the Total Extended Amount. Any arithmetical errors in this Appendix will be corrected by Canada.
- 2) Canada may reject the bid if any of the prices submitted do not reasonably reflect the cost of performing the part of the work to which that price applies.

LUMP SUM TABLE

Note: Bidders are reminded that it is their responsibility to include in their bid all work as described in the drawings and specifications. Pricing for work not accounted for in the Unit Price Table including but not limited to Mobilization, De-Mobilization, etc. is to be included in the Lump Sum Table.

TOTAL LUMP SUM AMOUNT (LSA) Transfer amount to subparagraph 1) (a) of BA03	\$ _____
--	----------

UNIT PRICE TABLE

The Unit Price Table designates the Work to which a Unit Price Arrangement applies and the Lump Sum Amount designates Work to which a Lump Sum Arrangement applies.

- (a) The Price per Unit and the Estimated Total Price must be entered for each item listed.
- (b) Work included in each item is as described in the referenced specification section.
