This Solicitation amendment is raised to answer questions received from Bidders and to modify the Solicitation.

QUESTIONS AND CORRESPONDENT ANSWERS:

QUESTION 1

On page 46 of 75 of the solicitation, under section 7.5 (a) it states that:

“The Contractor must, at all times during the performance of the Contract, hold a valid Facility Security Clearance at the level of TOP SECRET and NATO SECRET, issued by the Canadian Industrial Security Directorate (CISD), Public Works and Government Services Canada (PWGSC).”

To get this Facility Security Clearance, an organization needs an Approved Source recognized by the Industrial Security Program (ISP) to make a request on their behalf to the ISP.

Will PWGSC, as the Procurement Entity (an approved source according to the ISP), make this request for organizations that require Facility clearances for the purpose of this solicitation?

If yes, how and to whom can the request be made?

ANSWER 1

PWGSC can, but have no obligation, to sponsor a company to get the requested security clearance. Any interested Bidder for this type of request, must:

1. Complete the attached document entitled ‘REQUEST FOR PRIVATE SECTOR ORGANIZATION SCREENING (PSOS)’; and
2. Send it back to the Contracting Authority.

It is important to notice that Bidders are to meet the mandatory security requirement of Article 6.1 of Part 6 of the RFP.

Furthermore, the security requirement for this RFP has been modified. See RFP modifications #1 and 2 below.

RFP MODIFICATIONS:

1. At Article 7.5 - Security Requirement of Part 7 of the RFP:

7.5 Security Requirement

SECURITY REQUIREMENT FOR CANADIAN SUPPLIER:

PSPC FILE #: W7714-155985 (1st Revision)

1. The Contractor must, at all times during the performance of the Contract, hold a valid **Facility Security Clearance** at the level of **NATO SECRET**, issued by the Canadian Industrial Security Directorate (CISD), Public Services and Procurement Canada (PSPC).
2. The Contractor personnel requiring access to **PROTECTED** information, assets or sensitive work site(s) must **EACH** hold a valid personnel security screening at the level of **RELIABILITY STATUS**, granted or approved by CISD/PSPC.
3. The Contractor personnel requiring access to **CLASSIFIED** information and/or assets bearing the caveat "**CANADIAN EYES ONLY**" **must be citizens of Canada** and **EACH** hold a valid personnel security screening at the level of **CONFIDENTIAL** or **SECRET**, as required, granted or approved by the CISD, PSPC.
4. The Contractor personnel requiring access to **CLASSIFIED** information, assets or sensitive work site(s) **must be a citizen of Canada, Australia, the United Kingdom, the United States of America, or New Zealand** and must **EACH** hold a valid personnel security screening at the level of **CONFIDENTIAL** or **SECRET**, as required, granted or approved by CISD/PSPC.
5. The Contractor personnel requiring access to **FOREIGN CLASSIFIED** information, assets or sensitive work site(s) **must be a citizen of Canada** and must **EACH** hold a valid personnel security screening at the level of **CONFIDENTIAL** or **SECRET**, as required, granted or approved by CISD/PSPC.
6. The Contractor personnel requiring access to **NATO UNCLASSIFIED** information or assets do not require to hold a personnel security clearance; however, the Contractor must ensure that the NATO Unclassified information is not releasable to third parties and that the "need to know" principle is applied to personnel accessing this information.
7. The Contractor personnel requiring access to **NATO RESTRICTED** information or assets **must be citizens of a NATO member country or a permanent resident of Canada** and **EACH** hold a valid **RELIABILITY STATUS** or its equivalent, granted or approved by the appropriate delegated NATO Security Authority.
8. The Contractor personnel requiring access to **NATO CLASSIFIED** information, assets or sensitive work site(s) **must be permanent residents of Canada or**

citizens of a NATO member country and **EACH** hold a valid personnel security screening at the level of **NATO CONFIDENTIAL** or **NATO SECRET**, as required, granted or approved by the appropriate delegated NATO Security Authority.

9. The Contractor **MUST NOT** remove any **PROTECTED/CLASSIFIED** information from the identified work site(s), and the Contractor must ensure that its personnel are made aware of and comply with this restriction.
10. This contract includes access to controlled goods. Prior to access, the contractor must be registered in the Controlled Goods Program of Public Services and Procurement Canada.
11. The Contractor must complete and submit a Foreign Ownership, Control and Influence (FOCI) Questionnaire and associated documentation identified in the FOCI Guidelines for Organizations prior to contract award to identify whether a third party individual, firm or government can gain unauthorized access to **CLASSIFIED NATO/FOREIGN** information/assets. Public Services and Procurement Canada (PSPC) will determine if the company is “*Not Under FOCI*” or “*Under FOCI*”. When an organization is determined to be *Under FOCI*, PSPC will ascertain if mitigation measures exist or must be put in place by the company so it can be deemed “*Not Under FOCI through Mitigation*”.

The contractor should at all times during the performance of the contract possess a letter from PSPC identifying the results of the FOCI assessment with a FOCI designation of *Not Under FOCI* or *Not Under FOCI through Mitigation*.

All changes to Questionnaire and associated FOCI evaluation factors must immediately be submitted to the Industrial Security Sector (ISS) to determine if the changes impact the FOCI designation.

12. Subcontracts which contain security requirements are **NOT** to be awarded without the prior written permission of CISD/PSPC.
13. The Contractor/Offeror must comply with the provisions of the:
 - (a) Security Requirements Check List and security guide (if applicable), attached at Annex C;
 - (b) *Industrial Security Manual* (Latest Edition).

NOTE: There are multiple levels of personnel security screenings associated with this file. In this instance, a *Security Classification Guide* must be added to the SRCL

clarifying these screenings. The *Security Classification Guide* is normally generated by the organization's project authority and/or security authority.

NOTE: There are multiple levels of release restrictions associated with this file. In this instance, a *Security Guide* should be added to the SRCL clarifying these restrictions. The *Security Guide* is normally generated by the organization's project authority and/or security authority.

NOTE: As Australia and New Zealand are not NATO countries, no NATO information will be released to Australians or New Zealanders unless special permission is obtained from CISD/PSPC.
