OTHER QUESTIONS AND ANSWERS UP TO DATE FOR THIS PROJECT:

Q-4

When is delivery needed by for the entire contract?

A-4

As mentioned in Part 6, 6.4.1, Bidders are required to indicate their best date of delivery.

Q-5

On your proposal, it says installation included? We install all the components and we deliver to the different buildings ready to be used. The Base people usually take care of bolting or securing to the wall or the floor. When you say installation required do you mean that we have to physically install the cabinets such as bolting and securing to floor and walls? Or do you mean only installing example bringing the cabinets into the different buildings and Valcartier people do the securing?

A-5

Bringing the cabinets in every room of each building, ready to install. Bolting and securing will be realized by DND.

Q-6

In charts 1 – 5, there are no dimensions for the cabinets to be supplied. Can you please clarify what the Height, Width and Length of the respective models are expected to be.

A-6

Cabinets for rifles C7/C8/ and weapons cal. 12: 48H x 42L x 15D; cabinets for Carl Gustav 84mm: 48H x 42L x 15D; cabinets with folding doors for shotguns C9/C6: 84H x 42L x 15D; cabinets for pistols 9mm: 5 drawers

Q-7

On chart 10, the cabinet configurations are grouped together instead of specified for each cabinet in the list. Can you please clarify what configurations each cabinet is expected to have.

A-7

For Chart 10 only, the configuration of the cabinets will be done by DND, just provide the cabinets and all components identified in chart 10.

Q-8 and A-8

In regards to Installation:

- a. Are there standard docking level receiving areas at each of the buildings? If not, what type of receiving is available at each of them.

MD – no docking receiving areas available

- b. What are the door sizes at the unloading areas, and within the complex?

MD – possible to enter the buildings with a 53' trailer truck. Door to the storage area has a 40" opening

- c. Are the cabinets being transported up flights of stairs?

MD – no stairs

- d. Is there a designated central drop off area for all the cabinets, from which the cabinets will be transported to each of the specified buildings

MD – No designated central drop off area. The cabinets must be delivered to each building.

You are requested to submit a copy of this modification to your proposal.

All other terms and conditions remain unchanged.
