The Request for Proposal (RFP) Amendment 002 is raised to answer Bidders questions.

## QUESTIONS AND ANSWERS

### Question 5

Specific to page 6, Section 1.4 – Conflict of Interest Clause, can the Crown please provide examples of the types of activities or work that would be covered under the noted Clause, that could potentially preclude Contractor's from bidding on future opportunities? The Clause as written is a board based statement without specifics. Clarification would be appreciated.

### Answer 5

Please refer to Annex A, Statement of Work, section 5. Scope of Work, section 6. Responsibilities and section 10. Deliverables. More specifically, but not limited to, please refer to item (c) of section 10. Deliverables: "Request for Proposal submission and related documents".

### Question 6

Item 3.2 Section I: Technical Bid (a) (iii)

*...where Bidders are requested to indicate where in the bid the reference material can be found, including the title of the document, and the page and paragraph numbers;*...

**Please confirm project numbers will be accepted in lieu of paragraph numbers:**

All projects demonstrating experience for mandatory and rated requirements are detailed in the consultant's résumé. **Projects** in the résumé are listed in descending order, identified by project number (i.e. **Project 20**). Relevant expertise for each mandatory and rated requirement is identified in the project's description using the number of the criteria at the beginning of the bulleted experience (i.e. **{M1, R2}**). Please refer to the identified projects in the resume for substantiation of each requirement.

### Answer 6

Please refer to the following section of Article 3.2 Section 1: Technical Bid, sub-article (a) (iii), "*...The substantiation may refer to additional documentation submitted with the bid - this information can be referenced in the "Bidder's Response" column of Attachment "2", where Bidders are requested to indicate where in the bid the reference material can be found, including the title of the document, and the page and paragraph numbers; where the reference is not sufficiently precise, Canada may request that the Bidder direct Canada to the appropriate location in the documentation.*"

Bidders are simply requested to indicate where in the bid the reference material can be found and include the title of the document and the page and paragraph numbers. It is not mandatory. As such, project numbers can be provided. In addition, if the reference is not sufficiently precise, Canada may request the Bidder direct Canada to the appropriate location in the documentation.

Based on the above, the Bidder may use project numbers and the clause remains unchanged.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
