QUESTIONS AND ANSWERS

| Question Number | Question and Answer |
|-----------------|--|
| 03 | Is there any possibilities for extension of closing date of tender? |
| | Answer: No extension will be allowed. |
| 04 | Is it possible for offered seismometer to have 20 Vpp differential output range instead of 40 Vpp? |
| | Answer: No, 20 Vpp is not acceptable. 40 Vpp is the standard in national seismic networks. In addition, the output range of the seismometer has to match the input range of the digitizer for maximum sensitivity. |
| 05 | Should we proposed all three equipment or it is possible to propose one or two item? |
| | Answer: A partial proposal is not acceptable. All equipment types must be included in the bid proposal and meet the requirements and mandatory specifications specified in the RFP (Annex A). |
| 06 | Should we quote installation for these equipment or just mention it as an option? |
| | Answer: A proposal to perform installations is not part of the RFP, nor should the associated price be included in the bidders financial proposal. |
| 07 | We are preparing to submit our bid for this tender and wanted to know if we can submit our equipment manuals in electronic form only. The manuals are lengthy and require much paper and weight. Is it necessary to include the hard copy of these manuals with the bid? |
| | Answer: Bidders can submit their equipment manual only in electronic form to monique.gosselin@pwgsc.gc.ca on or before 20 th April 2016 at 2:00 PM. Bids must be submitted only to the following address by the date, time and place: Bid Receiving – PWGSC 11 Laurier Street Place du Portage, Phase III Core 0B2 Gatineau, Québec K1A 0S5 Bid Fax: (819) 997-9776 |

All other terms and conditions of the RFP remain unchanged.
