Canada requires the attached revised Appendix 1 Price Form dated 29/04/2016 be used and received before the solicitation closing date and time. Failure to submit the revised Appendix 1 Price Form will result in your bid being deemed non responsive.

If you have already submitted your bid, you are invited to send us your revisions by fax to 1-877-558-2349.

Please indicate the number of the invitation to tender on all correspondence

3. Revision to the Invitation to Tender

The following changes have been made to the Tender documents

In: E - 5P300-16-5025A - ITT Replacement of Southeast Brook Bridge.pdf

Section, Part: SUPPLEMENTARY CONDITIONS (SC)

Add:

SC04 ASPHALT CEMENT PRICE ADJUSTMENT

1. The price of asphalt cement incorporated into hot mix asphalt shall be adjusted for each month in which paving occurs when the price index for that month differs by more than 5% from the price index for the month prior to bid closing. The price adjustment shall be calculated in accordance with the applicable price adjustment formula of paragraph 2.
2. Price Adjustment formulae:
 - a. When the price index, for the month in which paving occurs, is higher than 105% of the price index for the month prior to bid closing, Canada shall pay the Contractor a compensation of:
(Example based on a 5% increase)
$$PA = (IM - 1.05 IB) \times \text{quantity of asphalt cement in tonnes}$$
 - b. When the price index, for the month in which paving occurs, is less than 95% of the price index for the month prior to bid closing, Canada shall deduct an amount from the monthly payment to the Contractor of:
(Example based on a 5% decrease)
$$PA = (.95IB - IM) \times \text{quantity of asphalt cement in tonnes}$$

PA = payment adjustment for asphalt cement, in dollars

IB = asphalt cement price index for the month prior to bid closing

IM = asphalt cement price index for the month in which paving occurs

The price index shall be the Asphalt Cement Price Index published monthly by the Ontario Ministry of Transportation (MTO) in the Contract Bulletin displayed on the MTO Web site

<http://www.mto.gov.on.ca>. This price index shall be used to calculate the adjustment per tonne of all grades of asphalt cement accepted into the Work.

3. For each month in which a payment adjustment is made, Canada shall use the fixed asphalt cement content of the final job mix formula to determine the asphalt cement quantity that is used.
4. The payment adjustments shall be made on the monthly Request for Progress Payment form for the months in which hot mix paving occurs.

4. Question and Answer:

Q18) Specification 01 29 00 Payment Procedures - Section 1.3.28 for Unit Price Item 22 Asphalt Paving indicates asphalt cement will be paid for separately. Can you clarify this and indicate how (i.e under which item) this will be paid.

A18) Appendix 1 Price form has been revised to include asphalt cement.

By submission of its tender, the Tenderer confirms that it has read and understands the requirements expressed in all addenda and has included all costs of these requirements in its Total Tender Amount.

All other terms & conditions remain unchanged.

APPENDIX 1 PRICE FORM -- REVISED 29/04/2016

- 1) The prices per unit shall govern in establishing the Total Extended Amount. Any arithmetical errors in this Appendix will be corrected by Canada.
- 2) Canada may reject the bid if any of the prices submitted do not reasonably reflect the cost of performing the part of the work to which that price applies.

LUMP SUM TABLE

The Lump Sum Amount designates Work to which a Lump Sum Arrangement applies.
