This amendment is raised to address the following questions received on the tender:

- Q1. Can pricing be submitted in USD?
- A1. Yes, pricing submitted in USD will be accepted. Prices will be evaluated in Canadian Dollars using the exchange rate on the Closing Date of the solicitation.
- Q2. Item 20 states the slings must be designed to military standard, with a recognized National Stock Number (NSN) as a minimum, and/ or must have been evaluated and recommended by a police equipment testing body such as the National Tactical Officers Association (NTOA). We would like to request that upon being the successful bidder of this solicitation, the Bidder must THEN have to submit their slings for approval by a Police Equipment Testing Body. We produce many slings, but this version of sling has yet to be tested by the NTOA.
- A2. The requirement for approval by the National Tactical Officers Association (NTOA) and/ or a National Stock Number (NSN) is provided by an independent testing body outside the scope of this requirement. It is a mandatory requirement that these approvals already be in place for the proposed goods. The Offeror must provide proof and supporting documentation for the Offer to be compliant.
- Q3. Item 40 states "The parts listed herein must be made available, provided, and installed by the manufacturer or distributor upon delivery as requested by the RCMP at time of Call-Up." Is the manufacturer/ Offeror required to install the slings on the RCMP weapons?
- A3. This pertains to assembly of the slings as per the specifications stipulated, only. The Offeror is to provide the fully assembled slings with the components specified. RCMP personnel will install the slings on the weapons.
- Q4. Where can pricing for the Uloops or individual parts be provided?
- A4. Pricing requested is for fully assembled slings, inclusive of all parts.
- Q5. Are the estimated quantities listed under Firm Period in Annex B per year or for the entire firm period?
- A5. The quantities listed under Firm Period in Annex B are the estimated quantities for the entire duration of the Firm Period (three years), not per year.
- Q6. Will deliveries be made within 60 days from receipt of the call-up will be acceptable
- A6. Delivery must be made within 45 days from receipt of Call-Up. Any delays must be approved by the Standing Offer and Project Authorities.
