

ADDENDUM NO. 1

Date: May 26, 2016

Subject: Building 2A Main Entrance Design and Construction Oversight (CRC - IO603615)

The purpose of this Addendum # 1 below hereto is to provide answers to questions raised and to confirm certain additions/changes/information all of which form part of the above referenced ITT.

Question: Is this the same project that was posted on GETS in August 2015 (IC IP -113395)?

Answer: The project was originally tendered in August 2015 as a request for proposal for the replacement of an open air canopy that incorporated an accessibility ramp. The project intent has since changed and CRC have now posted an invitation to tender for an architectural design and construction oversight of an enclosed building extension that includes the redesign of the exiting building lobby and incorporates an indoor accessibility ramp.

ALL OTHER TERMS AND CONDITIONS OF THE SUBJECT ITT REMAIN UNCHANGED AND IN EFFECT
