The Request for Proposal (RFP) Amendment 008 is raised to answer Bidders questions and amend the RFP.

QUESTIONS AND ANSWERS

Question 49:

Reference Attachment 2 - Bid Evaluation Criteria, Workstream 8, M1 and R1:

Question: The number of days required for M1 in the Database Administrator category is 1,800 billable days, and to score full points in R1 a total of over 3,600 billable days is required. The average project tends to only require one DBA and for the purpose of this question it will be assumed they have a longer contract duration of approximately 2 years (or 440 billable days). Therefore, in order for a bidder to exceed the 3,600 days for M1+R1, a respondent would need to prove over 16 person-years of billable days. Using the assumption of 2-year contracts, this would use up to the limit of 8 contracts just to prove the full number of billable days for this category, meaning the other 4,700 billable days would have to also come from these same contracts. This is very limiting in terms of the context under which DBA's and other resource categories in this stream are typically used in a contract. In order to reflect the typical contractual context of these sorts of roles, we ask that the total number of billable days for the Database Administrator category be lowered to 1,500 for M1, meaning a total of 3,000 is required to score full points for R1.

Answer 49:

No. The criteria remains unchanged.

Question 50:

For the purposes of mandatory requirement **#M1** [See Attachment 2.1 - Corporate Technical Requirements and Bidder Response Templates - Response Template - Billable Days (For Criteria M1 and R1) for each workstream where it indicates that ...“the Bidder also certifies that the work billed for each resource category includes at least 60% of the associated tasks listed in the Statement of Work at Annex A of this Bid Solicitation for that resource category.”]

Question:

The work billed for the resource category must include 60% of associated tasks listed in the Statement of Work under section 3.2. The Bidder must provide a completed Billable Days Response Template as well as a Bidder Response Template for Corporate References provided in Attachment 2.1 for each contract reference submitted in the Billable Days Response Template.

Will Canada accept as equivalent to the identified TPIBS Category, resources that delivered services similar to the responsibilities listed in TBIPS SA. This applies to all Categories of personnel.

For this TBIPS RFP (05005-150334), please confirm that when applying the M1 Definition of Equivalent, [for each of the resource categories] the Bidder may choose to demonstrate equivalency, in full, against the labour category's TBIPS responsibilities only and does not have to demonstrate, in addition, against the RFP's SOW labour category responsibilities.

Answer 50:

Canada will evaluate the proposed tasks ONLY against those listed in the SOW of the RFP for each respective resource category and NOT against the tasks listed in the TBIPS SA. The work billed for any given resource category must include 60% of associated tasks listed in the Statement of Work for that particular resource category.

Question 51:

We would ask the Crown to consider another 1-week extension past the current June 15th due date to enable Bidders time enough to respond to this complex RFP.

CCC No./N° CCC - FMS No./N° VME

Answer 51:

The solicitation closing date is extended to June 22, 2016.

Question 52:

To aid in the evaluation process, please confirm that Bidders may submit each workstream as a complete and separately sealed package.

Answer 52:

Confirmed. However, as per Response 17 in solicitation amendment 006, a single bid may contain bids to be awarded a contract in one or more Workstreams. However, a bid may not contain a bid from the Bidder, including related entities to be awarded more than one contract in any given Workstream.

RFP AMENDMENT
