Entity that contracted for the work) and have no affiliation with the Bidder.

Bidders must include the following with their submission:

- Resumes for proposed personnel in each category: Project Manager (2 individuals), Superintendent/Field Coordinator (2 individuals) and Machine Operator (1 individual).
- Completion of the relevant project experience forms (see attachments) for proposed personnel in each category.

A minimum of two staff must be on-site at all times during construction/remediation. These staff include the superintendent/field coordinator and equipment operator.

All qualifications requirements and information requirements are mandatory.

The evidence provided by the Bidder may be verified by Canada. Failure by the Bidder to provide the required evidence or in the event that the evidence cannot be verified shall result in the Bidder being disqualified and no further consideration being given to the Bidder. Any blank responses on the project experience forms will result in the bid being disqualified with no further consideration being given to the bidder.

Canada reserves the right to verify information for completeness and accuracy and to confirm reference satisfaction with services provided. In the event the information cannot be verified or the service is found to be unsatisfactory, the bid will be considered non-responsive and no further consideration will be given to the Bidder.
