**This amendment 001 is raised to correct an error as follows:**

**Refer to Part 5:**

**DELETE IN ITS ENTIRETY**

**5.1.3 OEM Certification**

**INSERT:**

**5.1.3 OEM Certification**

a) Any Bidder that is not the Original Equipment Manufacturer (OEM) for every item of hardware proposed as part of its bid is required to submit the OEM's certification regarding the Bidder's authority to provide and maintain the OEM's hardware, which must be signed by the OEM (not the Bidder). No Contract will be awarded to a Bidder who is not the OEM of the hardware it proposes to supply to Canada, unless the OEM certification has been provided to Canada.  
**Bidders are requested to contact the OEM and use their OEM Certification Form.**

b) If the hardware proposed by the Bidder originates with multiple OEMs, a separate OEM certification is required from each OEM.

c) For the purposes of this bid solicitation, OEM means the manufacturer of the hardware, as evidenced by the name appearing on the hardware, on all accompanying documentation, on mandatory certification reports, and on any support software.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**
