Amendment 001 is being raised to answer questions from a potential bidder as follows:

**Question 1:**

Do the unit rate prices include delivery to the designated sites? (I am aware that HST is extra)

**Answer 1:**

The unit prices include delivery to the mobilization/demobilization. We have a minimum call out time in the spec to ensure the bidders know the minimum amount of work time. The info is pasted below from Section 01 11 00- Summary of Work.

1.4 Site of Work

.1 The work to be carried out as part of this Standing Offer will be conducted within the limits defined on the accompanying drawing (Appendix 1, Figure 1).

.2 Earthworks, hydraulic seeding and provision of aggregates carried out as part of this Standing Offer will be conducted on properties currently owned by Public Works Government Services Canada.

.3 Contractors are advised that call-up to be carried out as part of this Standing Offer can occur anywhere within the limits defined in Appendix 1, Drawing 1, and no separate payment will be made for mobilization and demobilization of labour or equipment. Mobilization and demobilization costs will be included incidental in the hourly rate charged for labour or that specific piece of equipment during its operation. There will be no call-up for services with a duration of less than four hours operating time.

**Question 2:**

Can you be more specific as to what the designated delivery areas might be if delivery is expected to be included in the price as the CBRM is quite large. Also, might areas outside the CBRM be serviced by this contract?

**Answer 2:**

CBRM is set as the area for the deliverables. 80% of the work will occur within a 20km radius centered on Glace Bay (the radius being as the crow flies) and 20% of the work will occur within a 30km radius centered in Sydney.

**ALL OTHER TERMS AND CONDITION REMAIN THE SAME**
