Solicitation Amendment 002 for RFP EJ196-1614/A Cris Hill fk258
Window Cleaning at SJAM, Wellington Bldg and Block 1

This Amendment is raised to (1) add Site Visit Minutes, (2) Revised Annex B – Financial Bid and (3) add Annex G – Canopy Information as follows:

(1) Site Visit Minutes

Site Visit Minutes EJ196-161614/A May 18, 2016 8:00am Window Cleaning

Wellington Bldg (180 Wellington) & Sir John A Macdonald (144 Wellington) And
Block 1 (Langevin Bldg-80 Wellington, Postal Station B-59 Sparks, Hope Bldg-63 Sparks, Blackburn Bldg-
85 Sparks, Norcano Bldg-69 Sparks, Saxe Bldg-76 Sparks, Marshall Bldg-14 Metcalfe, O'Brien Bldg-65
Sparks, Nelms Bldg-67 Sparks, Canada's Four Corners-93 Sparks)

Site Visit Start Time: 8:31am Site Visit end Time: 10:15am

In attendance from PWGSC: Michel Richer (MSO-Building Services), John Reiter (MSO-Building Services), Jacques Moore (MSA), Cris Hill (Contracting Authority RPCD) and Riz Shah (RPCD)

Bidders in Attendance: Cody Building Services, Soulard Multi-Service, Galipeau Group, and Proserv

- Introduced myself as Contracting Authority (CA) and Riz Shah as a co-worker observing and Michel Richer as Technical Authority (TA) and John Reiter as his back up.

- Reminded the bidders that Security is **Secret at bid closing**

- Let all bidders know that the newest item in the RFP is Annex B Pricing Basis
- Also reminder bidders that cleaning schedule and work plans are due 15 working day prior to commencement of any work, this would be discussed more with the awarded contract at the pre-commencement
- Bidders were also reminded that after contract award and by the pre-commencement meeting they will be required to provide copies of the following certificates (no more than 5yrs old) for each employee named to work on the contract
 - a valid Fall Arrest certificate/wallet card (online not accepted);
 - a valid First Aid/CPR certificate/wallet card;
 - a valid Workplace Hazardous Material Inventory System (WHMIS) certificate/wallet card and
 - Suspended Access Equipment certificate
- Bidders were reminded that they are responsible for any required City Permits
- Bidders were reminded they are not allowed to clean the windows of a building or section of the building considered a construction site when work is in progress, they are to contact the TA
- Bidders were remind that they are responsible to have a certified engineer perform a roof anchor inspection annually and that a copy of the stamped inspection certification by the engineer will be submitted to the TA.
- Bidders were reminded that Commercial spaces located at the ground level of Wellington, Hope, Blackburn, Norcano, Saxe, O'Brien, Nelms and Canada's Four Corners are not to be cleaned.
- Bidders were reminded to review the SOW for times of operations for the window cleanings

- reminded the bidders to review the RFP and SOW and all drawings as this site has changed drastically from any previous contracts

- Bidders were reminded that there is no pressure washing on these sites

Solicitation Amendment 002 for RFP EJ196-1614/A Cris Hill fk258
Window Cleaning at SJAM, Wellington Bldg and Block 1

At 8:35am we proceeded to view the windows inside the Sir John A Macdonald

- Everybody agreed they did not need to see the roof
- Within the atrium any machine used to clean inside cannot be more than 100lbs per square foot
- Next we looked in the conference room
- Bidders were reminded if at any time the Prime Minister or any other dignitary arrives they may be asked to leave and may have to leave their equipment behind
- Bidders were also reminded if there is a lock down their employees locked in are to contact the company to let know
- Partial glass is not to be cleaned

- Bidders were also reminded that to get the proper equipment in to clean the high windows they will have to go through the front door
- We left at 9:15AM to go to Wellington Building, one contractor went back to his truck to change to safety boots as it was agreed to by all other contractors

At 9:07am we proceeded to view the windows inside the Wellington Bldg (180 Wellington)

- Started at the penthouse & roof
- Monorail inside skylight
- Viewed monorail gantry system from entry door
- Bidders were reminded everyone who will use the gantry system must be trained

- Bidders were reminded that on the 6th floor there is a green roof around the perimeter
- 5th floor
 - o Bidders were able to see the gantry system from the library
 - o Bidders observed the sunshade
 - o Michel to confirm if the sunshade is to be cleaned or notClean all sunshade after each clean of skylight and with separated price - see revised Annex B.
All sunshade and surrounding wall has to be free of smudge and water run.
- It was confirmed by Roger Smith that the construction contractor Ellis Don will not be cleaning the windows, so bidders have to keep in mind that the first clean will be more expensive for 180 Wellington. All Interior windows were clean in construction clean up in December 2015. Except the retail area.

At 9:45am we proceeded to view the outside windows at the Wellington Bldg

- Glass roof canopy at main entrance – Michel to confirm load type (this is to be added to RFP as separate pricing?? And how many cleanings per year and what time (i.e. weekends, before 6am and/or after 6pm).
See attached Annex G – Canopy Info Sheet

- Canopy is to be cleaned April, June, August and October with an "as & when" for December (**see revised Annex B Pricing**)

- **Canopy should be cleaned very early in the morning or after hours, due to the traffic on Wellington street**

- Bidders are reminded they have to think about permits with the city if they need to close down lanes or others area.

- Bidders were reminded that they are not to clean up any bird extrication, if this is requested by someone in any of the buildings they are to direct that person to the TA

Solicitation Amendment 002 for RFP EJ196-1614/A Cris Hill fk258
Window Cleaning at SJAM, Wellington Bldg and Block 1

We then proceeded to Block 1

- Bidders were reminded block 1 starts at the old Four Corners
- Bidders were reminded that roof anchors on all buildings to be certified by the contractor by a certified engineer
- Reminded that Postal Stn. B is under construction
- Everyone agreed they did not need to see the remainder of Block 1
- 10:15am finished site visit- all bidders still in attendance initialed out

(2) Revised Annex B – Financial Bid

Delete Annex B – Financial Bid in its entirety

Insert Revised Annex B – Financial Bid – see attached

(3) add Annex G – Canopy Information – see attached

Solicitation Amendment 002

Ron Coppens, National Contract Glazing Ltd.

fax #: (613) 731-6971

from: Ryan Heska

project: Wellington - Canopy

pages: 4 (including this cover sheet)

Remarks:

Ron;

The glass for the canopy will need to be 10mm tempered/1.5mm SGP/10mm tempered laminated. The glass will need to be siliconed to the aluminum extrusion with a 12mm silicone bite on all (4) sides. The aluminum extrusion will then be fixed to the steel with #12 stainless steel tees at 16" O/C. All through holes will need to be sealed to prevent water from entering the extrusion.

The aluminum code allows for a deflection criteria of L/175 or 19mm maximum deflection over the span of the glass edge. The steel code deflection criteria is L/300 which would apply to the main canopy steel structure.

Any questions, please call.

Regards,

Ryan Heska
