Solicitation Amendment No. **002**

This solicitation is hereby amended to provide the following question and answer

Q2. Would you please advise if it is possible to propose another solution for the item number 2 (instead of light barrier), as long as the device could support the ISO 8655 requirements? Is it mandatory for the device to use light barrier or it could be substitute with other solutions?

R2: The device needs to offer ergonomy and rapidity. An optical barrier is hands-free. Alternative options will be considered but needs to meet the need for speed and ergonomy, limiting the number of user intervention to a minimum.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the above address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:
