This amendment is raised to publish questions and answers.

Question 1:

Item 1, on the drawings do not specify that a CARC coating is required.

Could you please request DND to confirm that CARC coating is not required?

Answer:

Yes, CARC is required.

Question 2:

In regards to the subject solicitation, re: drawing 9776132, item NO 1.

The supplier of this product has identified that part number 774A is not a cable with 7 conductors of all 14AWG size as per the description. Can you please confirm the part number and/or description?

Answer:

I do not have an alternate part number. The bidder is to do the research and propose a substitute item with the supporting tech data.

Question 3:

The parts list mentioned on drawing 9976462 has incorrect info, items 2 and 5 in the mentioned drawing listed the manufacturer cage code as 3AE86A which is an invalid cage code, could you please provide the correct info or could you please propose an alternate manufacturer?

Answer:

The correct NCAGE is 3AE86, which is obsolete. I do not have an alternate part number. The bidder is to do the research and propose a substitute supplier and to provide supporting tech data of the proposed item.

All other terms and conditions remain unchanged.
