Request for Proposal (RFP)**Solicitation Amendment: 012****Purpose:**

The purpose of this amendment is to extend the closing date of the RFP.

To address industry's request for additional clarity on the firm scope of the requirement, Canada is revising some of the milestones related to the roll out of EPS to Other Government Departments (OGDs) and the associated implementation approach. As such, Canada is in the process of finalizing the changes that will include the following, among other changes:

1. A limited initial deployment of the solution to PWGSC and two additional departments as part of the initial Contract
2. A phased rollout to the rest of the Government of Canada as an option in the Contract
3. A milestone pertaining to the delivery of a new Government Electronic Tendering Service
4. A revised Annex 3 – Price Schedule and Basis of Payment clauses for Bidders to allow pricing on a “per DFMS instance” (each instance would include the OGDs associated with that instance) basis to align with the revised implementation approach.

As such, Canada is extending the closing date of the RFP to August 10th, 2016 to allow sufficient time for Bidders to revise their bids accordingly. The amendment containing the changes will be published shortly, as soon as the changes are finalized.
