DELIVERABLES / SCOPE OF WORK

Please reference the “Specifications” within this invitation to tender.

Nature of Work:

The work covered under this project consists of the **installation** of a MF Broad Band MF Tower Antenna System for the CCG at the **Hopedale Hill, Hopedale, Labrador** site. A **33.50 m MF Broad Band MF Tower Transmit Antenna System** has been designed and fabricated (See Appendix B). Additionally, civil work completed includes installation of tower base, guy anchors, antenna anchors and grounding rods as per attached drawings in Appendix C.

Work for this contract shall include but not be limited to the following:

- Installation of a **33.50 m MF Broad Band MF Tower Transmit Antenna System**, guys (structural and curtain), guy insulators, guy hardware, required antenna matching unit, base insulator, lighting system, antenna system and antenna/tower interface components. Refer to general arrangement drawings in Appendix B.
- CCG will supply the tower system, anchors, antenna tuning unit and ground screen materials for this site (see Appendix H). Materials available in St. John`s, NL, contractor required to deliver these specified materials to site.

Expected Start and Completion Dates

The services of the Contractor will be commencing on award of the contract. The expected completion date of this project is **September 30, 2016**.

Question and Answer period: DFO will accept questions from Bidders **until Wednesday, June 30, 2016**. These are to be sent **directly and only** to the contracting Officer listed below.

Enquiries regarding this Invitation to Tender are **ONLY** to be submitted in writing by email to the following:
