## **Q&A 2**

**Q8.** Are the following degrees acceptable under M1? a Bachelor of Environmental Studies, Honours Geomatics or a B.Sc. with Honours in Geography, Courses: Advanced GIS, GIS and Numerical Spatial Analysis, Remote Sensing, Major in Geography with concentration in Physical Geography, Masters in Spatial Analysis with a specialization in Environmental LGIS and Remote Sensing.

**A8.** Yes, all of the degrees listed would be acceptable with the exception of Environmental Studies – this degree on its own would need a Geography or GIS degree/diploma as well.

**Q9.** Will the department be applying any exclusivity constraints that would prevent applicants from having their resume proposed by more than one agency?

**A9.** Resources will be evaluated individually from each submitted bid. The same resources may be submitted by more than one agency but will be evaluated as a part of each individual bid. The same resources may not however be submitted more than once in the same bid (i.e to fill more than one resource position).

**Q10.** Can we receive a Microsoft Word copy of the RFP?

**A10.** Copies of the RFP in Microsoft Word format are available upon request and upon any discrepancies between the PDF and Word copies, the official PDF copy takes precedence.
