RESPOND TO BIDDER'S QUESTIONS:

Question 3)

3.1.1 Licensing, Certification or Authorization

The proponent shall be an architect(s) licensed, or eligible to be licensed, certified or otherwise authorized to provide the necessary professional services to the full extent that may be required by provincial or territorial law in the Province of Quebec.

Can this requirement be amended to allow for OAA registered architects to also be eligible?

Answer 3)

Where it is specified that the proponent shall be an architect(s) licensed, or eligible to be licensed, certified or otherwise authorized to provide the necessary professional services to the full extent that may be required by provincial or territorial law in the Province of Quebec, the proponent must meet this requirement when services are being delivered. L'ordre des architectes du Québec provides temporary licensing options for out of province architects and it is up to the proponents to familiarize themselves with these options and adopt a plan that best fits their own organization.

ALL OTHER TERMS AND CONDITIONS SHALL REMAIN THE SAME.
