Associated Engineering (Sask) Ltd.

Attn: Colin McKinnon

203-5 Donald Street,
Winnipeg, MB R3L 2T4

Facility Code: n/a

Operation ID: 61032

Dear Mr. McKinnon:

The Ministry of Environment has approved your Application for Approval to Construct or Upgrade and Operate a Storage Facility located at Royal Canadian Mounted Police (RCMP) aircraft hangar, 190 Airport Road (Veterans Way), City of Prince Albert Airport, City of Prince Albert, Saskatchewan.

Please provide the following information when it becomes available:

-Tank specs; including manufacture name and serial number.

-Name of qualified person/company completing the installation

Ensure that you become familiar with the conditions of this Approval and submit any requested information.

Sincerely,

A handwritten signature in blue ink that reads "Brian Cowan".

Brian Cowan
Environmental Protection Officer

**APPROVAL TO CONSTRUCT, INSTALL, ALTER,
AND EXPAND A STORAGE FACILITY AND STORE
HAZARDOUS SUBSTANCES AND/OR WASTE
DANGEROUS GOODS**

**Issued pursuant to *The Hazardous Substances
and Waste Dangerous Goods Regulations;*
Chapter E-10.2 Reg 3**

**APPROVAL NO.: 65958-00-00
OPERATION ID: 61032**

Associated Engineering (Sask) Limited, 203-5 Donald Street, Winnipeg, Manitoba R3L 2T4, hereinafter called the "Company", is hereby authorized to proceed with the construction, installation, alteration, expansion, and operation of a storage facility and the associated appurtenances (the "Facility"), for the storage facility, located at the RCMP Hanger, 190 Airport Road (Veterans Way), City of Prince Albert Airport, City of Prince Albert, Saskatchewan in accordance with terms and conditions of this Approval and *The Hazardous Substances and Waste Dangerous Goods Regulations*.

The Company shall ensure that a copy of this Approval is posted in a conspicuous place on site and is available for presentation upon demand by the local authorities or an authority having jurisdiction.

CONDITIONS

1. The Company shall construct the Facility in accordance with the plans and specifications contained within the "Application for Approval to Construct or Upgrade a Storage Facility" completed by Colin McKinnon and dated February 16, 2016, including the following attachments:
 - i) EMERGENCY RESPONSE PLAN AND LOG BOOK
 - ii) SITE PLANS (inc. MECHANICAL and STRUCTURAL)
2. Any alteration from the authorized application pursuant to condition 1 requires prior approval from the Ministry of Environment.
3. The Company shall submit to the Ministry of Environment as-constructed site drawings within three months of the completion of the activity authorized in this approval, if different from that submitted in the application.

4. The Company shall have all work performed by means of the services of a qualified person or under the supervision of a person designated by the minister.
5. The Company shall notify the Ministry of Environment in writing if the approved construction, installation, alteration and/or expansion of the Facility does not proceed within one year.
6. Upon completion of the authorized construction, installation, alteration and/or expansion, the Company may operate the Facility and store hazardous substances and/or waste dangerous goods, as shown in the Table below, provided the Company complies with the requirements of *The Hazardous Substances and Waste Dangerous Goods Regulations*.
