## AMENDMENT #005

This amendment solicitation is raised to answer questions from the industry.

\*\*\*\*\*

**Please see Amendments #001, #002, #003 and #004 for questions and answers #1 to #28.**

To answer questions #29 to #31 from the industry:

### QUESTION 29:

Amendment #4 published today actually further muddies the requirement in terms of number of resumes required to be submitted with our proposal. Answer #22 states that one Inventory Management Investigator is required in response to MT4, and Answer #23, states that two (2) resumes are required for Inventory Management Investigators in response to the (corresponding) point-rated criteria. Does this effectively mean that one resume has to be provided in response to the MT4 and two for PRT4.1? From Answer #23, it now seems that we need to propose 1 resume for each resource listed in the Mandatory Technical Criteria and 1 resume for each resources listed in the point rated criteria except as otherwise stated. That would effectively mean the following:

- a) For the Mandatory Technical Criteria: 1 resume for a Team Leader, 1 resume for a Site Manager, 1 resume for an Inventory Management Investigator, 1 resume for a Life Cycle Management Specialist, 1 resume for a Material Management Specialist and 1 resume for a Stocktaking Supervisor (Added in Amendment #4).
- b) For the Point Rated Criteria: 1 resume for a Team Leader, 1 resume for a Site Manager, 2 resumes for Inventory Management Investigators, 4 resumes for Stocktaking Counters/ Scribes.

Can the same resumes provided in response to the Mandatory Criteria be used in response to the Point-Rated Criteria? If not, you would actually be requiring resumes for two Team Leaders when only one is actually expected to be required for the contract. It would also represent a significant increase in resources we understood were required for the proposal. Please clarify quickly.

### ANSWER 29:

a) Correct

b) Correct

Yes, the same resumes can be provided in response to the Mandatory Technical Criteria as well as in response to the Point-Rated Technical Criteria.

### QUESTION 30:

In Part 5 – Certifications and Additional Information, 5.1.2 Additional Certifications Required with the Bid (page 25 of 69), reads “The Bidder must provide with its bid the required additional certifications included in Attachment 1 to Part 5, Additional Certifications Required with the Bid.” Please note that Attachment 1 to Part 5 is entitled “Additional Certifications Required Precedent to Contract Award”, and is referenced in Part 5, 5.2.3. Please advise whether there is another Attachment covering additional certifications required **with the bid**.

---

**ANSWER 30:**

No, there is no other Attachment to Part 5.

**QUESTION 31:**

With respect to Mandatory Technical Requirement MT1.4, can you please clarify that what is being requested is a staffing plan for the Life Cycle Management Specialist and Material Management Specialist roles only, or if it is to encompass all positions within the prescribed organization?

**ANSWER 31:**

In the Mandatory Technical Criterion MT1.4, the Bidder must provide a Staffing Plan for the Life Cycle Management Specialist and Material Management Specialist roles only.

**ALL OTHER TERMS AND CONDITIONS OF THE BID SOLICITATION REMAIN UNCHANGED**
