Project Management Support Services
Request for Information

Canada will shortly undertake the rehabilitation project of the Centre Block (CB) on Parliament Hill. Requirements for rehabilitation projects such as this generally require consultants for Project Management Support Services.

In order to make an informed decision, Canada wishes to consult with industry on this approach. To this end, Canada has the following questions for industry:

1. Does the work requested in the attached Statement of Work align with industry standards and practices?
2. Could your company provide all the resources requested or would you have to team up with another company to provide all the resources requested?
3. What would be the ideal team composition to fulfill the work requested in the SOW?
4. Would it be preferable to request a fixed monthly fee basis of payment or should an hourly rate be used?
5. Do you have any recommendations that would result in increased competition?
6. Do you have any recommendations that would reduce the risk to Canada?
7. Do you have any recommendations that would reduce cost to Canada?
8. What is a reasonable approach to economic price adjustment of the duration of this subsequent contract.
9. Is there Aboriginal capacity to perform the work requested?
