PART 1 - GENERAL INFORMATION

1.1 Introduction

The bid solicitation is divided into seven parts plus annexes as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides bidders with instructions on how to prepare their bid;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, if applicable, and the basis of selection;
- Part 5 Certifications: includes the certifications to be provided;
- Part 6 Security, Financial and Other Requirements; includes specific requirements that must be addressed by bidders; and
- Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work, the Security Requirement Check List (SRCL), Cost Estimate Form for Extra Work, a Reminder to provide a Complete List of names of all individuals who are currently directors of the Bidder and a Voluntary Certification to Support the Use of Apprentices.

1.2 Summary

- (i) To provide, for a period of 5 years, all maintenance services and inspection services on heating, ventilation, air conditioning (**HVAC**), commercial refrigeration and related mechanical equipment in accordance with the Statement of Work 8M3-0999-71 attached herein as Annex A.
- (ii) This requirement is for Public Works and Government Services Canada (PWGSC) located at the Parliamentary Precinct of Ottawa, in various locations (CBUS, Library, East Block, Grounds, etc.), Ottawa (ON), in the National Capital Area.
- (iii) Mandatory Response Time

As per **Annex A**, Statement of Work, SW 3 – Service, under 3.7, Service Calls, it is a mandatory requirement of the contract that:

- 1. All service calls between regular inspections shall be answered by a qualified mechanic within one (1) hour of receiving the call on a 24 hour, 7 day basis. Service personnel shall report on site ready to service the system within two (2) hours of receiving the request for service and such work shall proceed continuously until the system is returned to safe operating condition. All service calls will be at extra cost to the contract and shall be calculated based on "Cost of Services Schedule".
- (iv) The period of any resulting Contract will be for a period five (5) years. The services must be provided in accordance with Statement of Work, attached herein as Annex A.

- (v) There is a security requirement associated with this requirement. For additional information, consult Part 6 - Security and Part 7 - Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, bidders should refer to the Canadian Industrial Security Directorate (CISD), Industrial and Security Program of Public Works and Government Services Canada (<http://ssi-iss.tpsgc-pwgsc.gc.ca/index-eng.html>) website”.
- (vi) There is a mandatory site visit associated with this requirement. Consult Part 2 – Bidder Instructions.
- (vii) As per the integrity Provisions under section 01 of Standard Instructions 2003 and 2004, bidders must provide a list of all owners and/or Directors and other associated information as required. Refer to section 4.21 of the Supply Manual for additional information on the Integrity Provisions.
- (viii) For services requirements, Bidders in receipt of a pension or a lump sum payment must provide the required information as detailed in article 2.3 of Part 2 of the bid solicitation, in order to comply with Treasury Board policies and directives on contracts awarded to former public servants.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within fifteen (15) working days of receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2016-04-04) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

- The text under Subsection 4 of Section 05 - Submission of Bids of 2003 referenced above is amended as follows:

Delete: sixty (60) days

Insert: one hundred and twenty (120) days

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPS, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "Former public servant" is any former member of a department as defined in the *Financial Administration Act*, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- (a) an individual;
- (b) an individual who has incorporated;
- (c) a partnership made of former public servants; or
- (d) a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means, a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c. C-17, the *Defence Services Pension Continuation Act*, 1970 c. D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c. R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c. R-11, the *Members of Parliament Retiring Allowances Act*, R.S., 1985, c. M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension?

YES () NO ()

If so, the Bidder must provide the following information, for all FPS in receipt of a pension, as applicable:

- (a) name of former public servant;
- (b) date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2012-2 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive?

YES () NO ()

If so, the Bidder must provide the following information:

- (a) name of former public servant;
- (b) conditions of the lump sum payment incentive;
- (c) date of termination of employment;
- (d) amount of lump sum payment;
- (e) rate of pay on which lump sum payment is based;
- (f) period of lump sum payment including start date, end date and number of weeks;
- (g) number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **five (5) calendar days** before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must

be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

2.6 Mandatory Site Visit

Due to the nature of this requirement and in order to gain access to the site, it is MANDATORY that all interested bidders submit the Names (legal name) and birth dates of their representatives that will be attending the Mandatory Site Visit to the Contracting Authority (Josée Nolet) by facsimile at 819 956-3600 or by email at josee.nolet@tpsgc-pwgsc.gc.ca no later than Tuesday, August 9th, 2016 at 5:00 pm.

It is mandatory that the Bidder or a representative of the Bidder visit the work site. Arrangements have been made for the site visit to be held at the Parliamentary Precinct of Ottawa, in various locations (CBUS, Library, East Block, Center Block, Grounds, etc.), on **Thursday, August 11th, 2016**. The site visit will begin at **10:00 Eastern Daylight Time**, and the meeting point is the entrance of the Confederation Building at 229, Wellington Street (corner of Bank St. and Wellington St.), Ottawa, in the National Capital Region. Note that the parking is at your own fees and there is no parking at the Parliament Hill for the visit.

It is mandatory that bidders provide and wear safety boots, safety glasses and a hard hat for the site visit. Bidders who do not comply will not be permitted to attend the site visit.

Personnel security screening is required prior to gaining authorized access to secure worksites. Bidders **must** communicate with the Contracting Authority (Josée Nolet) no later than COB on **Tuesday, August 9th, 2016** to confirm attendance and provide the name(s) of the **person(s)** who will attend. The Bidder's Company Security Officer (CSO) must ensure that their representatives hold a valid security clearance at the required level for the site visit. Failure to comply with the security requirements will result in the representative(s) being denied access to the site.

Bidders will be required to sign an attendance sheet. Bidders should confirm in their bid that they have attended the site visit. Bidders who do not attend the mandatory site visit or do not send a representative will not be given an alternative appointment and their bid will be declared non-responsive. Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

- Section I Technical Bid (one (1) hard copy)
- Section II Financial Bid (one (1) hard copy)
- Section III Certifications (one (1) hard copy)

Prices must appear in the financial bid only. Prices must not be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid - see Part 4, subsection 4.1.1

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Pricing Schedule detailed below. The total amount of Applicable Taxes is to be shown separately.

The following requirement MUST be strictly adhered to: Failure to do so shall render the bidders' proposal as non-responsive.

It is MANDATORY that bidders submit firm prices/rates for the five year period of the contract for all items listed hereafter.

PRICING SCHEDULE 1 - Firm Price

Firm all inclusive prices including all necessary tools, equipment and services, materials, transportation, labour for all inspections, testing, cleaning, maintenance services as detailed in Annex A, Statement of Work attached herein as Annex A.

Pricing Schedule 2: Extra Work - As and When Requested

Extra work as described in Annex A - PWGSC Statement of Work 8M30817-6 - "Extra Work" will be conducted on an as and when requested basis where charges must be made for actual labour and repair and replacement parts. Estimated quantity of hours per year for extra work is for evaluation purposes only.

When "As and when" work is requested during the contract period, the contractor must complete and submit the Annex C "Cost Estimate Form for Extra Work". Written authorization must be obtained from the Technical Authority prior to conducting any extra work.

Submit a Firm All inclusive Labour Rate (including Overhead, Profit, and all related Costs) in Canadian funds.

2.1 LABOUR: Our firm hourly rate per qualified **A/C Technician** shall be:

Regular Time: Monday to Friday 08:00 until 16:00	Year 1	Year 2	Year 3	Year 4	Year 5

2.2 MATERIALS: Materials will be charged at our laid-down cost plus a mark-up of:

	Year 1	Year 2	Year 3	Year 4	Year 5
Percentage Mark Up	%	%	%	%	%
Estimated Expenditure	\$ 15,000.00	\$ 2,500.00	\$ 2,500.00	\$ 2,500.00	\$ 2,500.00
Extended Price:	\$	\$	\$	\$	\$
2.2 SUB-TOTAL:					\$

* The Extended Price for materials is calculated by adding the mark-up quoted to the total estimated expenditure (Example: Year 1, \$500.00 estimated expenditure; 10% mark-up quoted = \$500.00 + (\$500.00 x 10%) = \$550.00).

Parts will be supplied FOB Destination including all delivery charges. The following definitions have been used to arrive at the figures as noted:

i) MARK-UP - The difference between the Contractor's laid-down cost for product and resale price to the Crown. Mark-up includes applicable internal cost allocation by the Contractor such as material handling and general and administrative (G&A) expenses plus profit.

ii) LAID-DOWN COST - The cost incurred by a vendor to acquire a specific product or service for resale to the government. This includes but is not limited to the supplier's invoice price (less trade discounts), plus any applicable charges for incoming transportation, foreign exchange, customs duty and brokerage.

AUTHORIZATION FOR DELIVERY: The consignee shall request delivery of goods/services identified in Pricing Schedule 2., 2.1 (i), (ii), (iii); and 2.2 on an authorization form provided by the Technical Authority.

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.

4.1.1 Mandatory Technical Evaluation

Submission of Evidence

Submission of Evidence as described at **4.1.1.1 to 4.1.1.5** should be included with the bid at time of solicitation closing. However, if the following is not submitted with the bid by the solicitation closing date, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

The evidence provided by the bidder may be verified. PWGSC reserves the right to verify information for completeness and accuracy and to confirm reference satisfaction with services provided.

4.1.1.1 Card and Licensing Documentation

To carry out the work on this requirement, the contractor must provide the following three (3) qualified service personnel as follows:

- **Three (3) Service Personnel** qualified in the HVAC equipment in a possession of:
 - A valid **Journeyman (JP)** Refrigeration and Air Conditioning Certification License (or approved interprovincial equivalent);
 - A valid Ozone Depletion Prevention Card for the province of Ontario (or approved interprovincial equivalent);
 - A valid Working at Heights Certificate; and
 - A valid Confined Space Entry Certificate.

4.1.1.2 Mandatory Employee Experience and Past Performance

To carry out the work on this requirement, the contractor **must** provide evidence to demonstrate that the service personnel proposed to perform maintenance of HVAC equipment and gas fired heating appliances, have **three (3) years of recent experience** and past performance by referencing **three (3) similar projects/contracts** within **the last 8 years** whereby the service personnel have performed satisfactorily. The bidder must complete the form (RFP) for each personnel who will be performing work on the requirement in order to demonstrate that each proposed personnel has the required experience.

- Recent experience is defined as experience gained from January 2008 up to and including the solicitation closing date.
- Similar is defined as maintenance service of HVAC equipment, comparable in size, scope and complexity to the equipment listed in Annex A, Statement of Work, SW5, Equipment Inventory.

In cases where experience is acquired concurrently, the time period will be considered only once for the purpose of calculating the minimum requirement of 3 years recent experience.

Example:

- Project 1: started on January 1, 2008 and ended on May 31, 2008 = 5 months
- Project 2: started on January 1, 2008 and ended on December 31, 2010 = 36 months
- Project 3: started on January 1, 2008 and ended on December 31, 2009 = 24 months

Total period for these 3 projects will count as 36 months and not 65 months because the period Jan. 2008 to Dec. 2010 has already been counted in Projects 2 and 3. This employee does not meet the required minimum of 5 years recent experience.

In the event where the information for any of the service personnel cannot be confirmed by the client contacts named in the proposal, the proposal will be considered non-responsive and no further consideration will be given to the proposal. If the Bidder submits names of technicians in excess of the stated requirement, only the references up to the identified limit of two (2) qualified personnel will be assessed. The first two (2) proposed employees listed in the proposal will be considered for evaluation.

4.1.1.3 Non-Working Service Manager Expertise and Experience

The bidder must provide evidence of its proposed Non-Working Service Manager's recent experience and past performance by referencing at least **one (1) similar project/contract**. It is mandatory that the Non-Working Service Manager **have three (3) recent years of experience** in a supervisory role in the field of HVAC equipment.

The bidder must complete the following form in order to demonstrate that the proposed Non-Working Service Manager have the required experience.

Recent experience is defined as experience gained from January 2008 up to and including the solicitation closing date.

Similar is defined as a maintenance service of HVAC equipment, comparable in size, scope and complexity to the equipment listed in Annex A, Statement of Work, SW5, Equipment Inventory.

Should it be necessary to provide more project/contract reference names in order to demonstrate that the proposed non working Field Superintendent has the required three (3) years of experience, then the Contractor must provide this additional information on a separate sheet and attach with the proposal.

In cases where experience is acquired concurrently, the time period will be considered only once for the purpose of calculating the minimum requirement of 3 years of recent experience, see example of 4.1.1.2.

In the event where the information for the Non-Working Service Manager cannot be confirmed by the client contact(s) named in the proposal, the proposal will be considered non-responsive and no further consideration will be given to the proposal. If the Bidder submits names of Non-Working Service Manager in excess of the stated requirement, only the references up to the identified limit of one (1) Non-Working Service Manager will be assessed. The first one (1) Non-Working Service Manager listed in the proposal will be considered for evaluation.

4.1.1.4 Contractor's Experience and Past Performance

The bidder **must** provide evidence of its recent experience and past performance by referencing **three (3) similar projects/contracts**.

The bidder must complete the following table in order to demonstrate that it has the required experience.

Recent experience is defined as experience gained from January 2008 up to and including the solicitation closing date.

Similar is defined as maintenance service of HVAC equipment, comparable in size, scope and complexity to the equipment listed in Annex A, Statement of Work, SW5, Equipment Inventory.

In the event where the information on one project or two (2) cannot be confirmed by customer contacts cited in the proposal, this one will be barred. If the bidder provides more referrals than is requested above, only the references required will be considered. The three (3) first projects mentioned in the proposal will be considered for evaluation.

In cases where experience is acquired concurrently, the time period will be considered only once for the purpose of calculating the minimum requirement of three (3) years of recent experience, see example of 4.1.1.2.

In the event where the information for any of the projects cannot be confirmed by the client contacts named in the proposal, the proposal will be considered non-responsive and no further consideration will be given to the proposal. If the Bidder submits references in excess of the stated requirement, only the references up to the identified limit of three (3) projects will be assessed. The first three (3) projects listed in the proposal will be considered for evaluation.

4.1.1.5 Apprentices

Apprentices employed by the Contractor must be fully registered in a Tradesman Program related to the services in Annex A, Statement of Work. Apprentices must work, at any time, under the direction of a Journeyman Mechanic. Canada reserves the right to request proof of registration in a Tradesman Program at any time during the term of the contract.

4.2 Basis of selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and associated information to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default in carrying out any of its obligations under the Contract, if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the *Ineligibility and Suspension Policy* (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide with its bid the required documentation, as applicable, to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the *Ineligibility and Suspension Policy* (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

Bidders who are incorporated, including those bidding as a joint venture, must provide a complete list of names of all individuals who are currently directors of the Bidder (see Annex G).

Bidders bidding as sole proprietorship, as well as those bidding as a joint venture, must provide the name of the owner(s).

Bidders bidding as societies, firms or partnerships do not need to provide lists of names.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the

Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

5.3 Additional Certifications Precedent to Contract Award

The certifications listed below should be completed and submitted with the bid but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

5.3.1 Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

5.3.2 Education and Experience

The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.

PART 6 - SECURITY AND INSURANCE REQUIREMENTS

6.1 Security Requirement

1. Before award of a contract, the following conditions must be met:
 - (a) the Bidder must hold a valid organization security clearance as indicated in Part 7 – Resulting Contract Clauses;
 - (b) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirement as indicated in part 7 - Resulting Contract Clauses;
 - (c) the Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;
2. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
3. For additional information on security requirements, bidders should consult the "Security Requirements for PWGS Bid Solicitations – Instructions for Bidders" (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31>) **document on the Departmental Standard Procurement Documents** website.

6.2 Employee Information for Security

The Bidder should specify the following information regarding employees proposed in Part 4, Section 4.1.1 to provide services against any resulting contract:

PROPOSED EMPLOYEES			
	Legal Name (First and Last) (Please Print Clearly)	Date of Birth Day / Month / Year	Current Clearance Held
Service personnel 1 HVAC Equipment			
Service personnel 2 HVAC Equipment			
Service personnel 3 HVAC Equipment			
Non-Working Service Manager			

PART 7 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

7.1 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex A.

To provide all necessary tools, materials and labour for all maintenance services and inspection services on heating, ventilation, air conditioning (HVAC), commercial refrigeration and related mechanical equipment in accordance with the Statement of Work 8M3-0999-71, attached herein as Annex A.

This requirement is for Public Works and Government Services Canada (PWGSC) located at the Parliamentary Precinct of Ottawa, in various locations (CBUS, Library, East Block, Grounds, etc.), Ottawa (ON), in the National Capital Area.

7.1.1 Mandatory Response Time

As per **Annex A**, Statement of Work – 8M3-0999-71, **SW 3 – Service**, under 3.7, Service Calls, it is a mandatory requirement of the contract that:

1. All service calls between regular inspections must be answered by a qualified Journeyperson (HP) within one (1) hour of receiving the call on a 24 hour, 7 day basis. All named Service personnel must be able to report on site ready to service the system within one (1) hour of receiving the request for service and such work shall proceed continuously until the system is returned to safe operating condition.
2. All service calls will be at extra cost to Canada and shall be calculated based on the “As and When” Requested Work Pricing Schedule 2 in the Contract. Billable hours begin when the responding qualified person(s) are on site. Upon completion of the required service work, billable time ends. Canada will accept a minimum charge of one (1) hour. Canada will not accept Truck/Travel or Fuel charges.

7.1.2 Replacement of Specific Individuals

1. If specific individuals are identified in the Contract to perform the Work, the Contractor must provide the services of those individuals unless the Contractor is unable to do so for reasons beyond its control.
2. If the Contractor is unable to provide the services of any specific individual identified in the Contract, it must provide a replacement with similar qualifications and experience. The replacement must meet the criteria used in the selection of the Contractor and be acceptable to Canada. The Contractor must, as soon as possible, give notice to the Contracting Authority of the reason for replacing the individual and provide:
 - (a) the name, qualifications and experience of the proposed replacement; and
 - (b) proof that the proposed replacement has the required security clearance granted by Canada, if applicable.
3. The Contractor must not, in any event, allow performance of the Work by unauthorized replacement persons. The Contracting Authority may order that a replacement stop performing the Work. In such a case, the Contractor must immediately comply with the order and secure a further replacement in

accordance with subsection 2. The fact that the Contracting Authority does not order that a replacement stop performing the Work does not relieve the Contractor from its responsibility to meet the requirements of the Contract.

Names of qualified employees

The contractor must provide the names of the qualified Technicians who will be assigned to work on this Contract. The names provided below must be the same personnel listed in Part 4 and Part 6 of the proposal.

Qualified Personnel	First & last name
Service personnel 1 HVAC Equipment	
Service personnel 2 HVAC Equipment	
Service personnel 3 HVAC Equipment	
Non-Working Service Manager	

7.2 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

7.2.1 General Conditions

2035 (2016-04-04) General Conditions - Higher Complexity Services, apply to and form part of the Contract.

7.3. Security Requirements

7.3.1 The following security requirement (SRCL and related clauses) applies and form part of the Contract.

1. The Contractor/Offeror personnel requiring access to sensitive work site(s) must **EACH** hold a valid **SITE ACCES** Clearance granted or approved by CISD/PWGSC.
2. Subcontracts which contain security requirements are **NOT** to be awarded without the prior written permission of CISD/PWGSC.
3. The Contractor/Offeror must comply with the provisions of the:
 - (a) Security Requirements Check List and security guide (if applicable), attached at Annex B
 - (b) *Industrial Security Manual* (Latest Edition).

7.6 Proactive Disclosure of Contracts with Former Public Servants (If not applicable, clause will be deleted at contract award)

By providing information on its status, with respect to being a former public servant in receipt of a *Public Service Superannuation Act (PSSA)* pension, the contractor has agreed that this information will be reported on departmental websites as part of the published proactive disclosure reports, in accordance with *Contracting Policy Notice: 2012-2* of the Treasury Board Secretariat of Canada.

7.7 Payment

7.7.1 Limitation of Expenditure

The Contractor will supply the goods and services under the Contract to an estimated **total expenditure** that must not exceed \$ **(to be determined)** (Applicable Taxes excluded) of which \$ **(to be determined)** (Applicable Taxes excluded) is for goods and/or services enumerated or described in Pricing Schedule 1, and \$ **(to be determined)** (Applicable Taxes excluded) is for additional goods and/or services that may be requested on an "As and When Requested" basis at the prices and/or rates set out in Pricing Schedule 2.

7.7.2 Basis of Payment - Firm Prices and "As and When"

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid firm prices, in accordance with General Conditions 2035 16 (2014-09-25) 'Payment Period' and the following tables. Applicable Taxes are extra, if applicable.

Firm rates will be paid in accordance with Pricing Schedule 1 in four (4) equal quarterly payments.

"As and When Requested" Work:

Any costs incurred for Extra Work will be paid, in accordance with Pricing Schedule 2 and the Statement of Work, Annex A, on an "as and when requested" basis, after completion, inspection and acceptance of the work performed.

Canada's total liability to the Contractor under the "as and when requested" portion of the Contract must not exceed **(to be determined)**. Applicable Taxes are excluded, if applicable.

The Contractor must not perform any work or provide any service that would result in Canada's total liability being exceeded before obtaining the written approval of the Contracting Authority. The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum:

- (a) when it is 75 percent committed, or if the Contractor considers that the said sum may be exceeded, the Contractor must promptly notify the contracting Authority whichever comes first.
- (b) If the notification is for inadequate contract funds, the Contractor must provide to the Contracting Authority, a written estimate for the additional funds required. Provision of such information by the Contractor does not increase Canada's liability.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

(Pricing tables to be inserted here at contract award)

7.7.3 SACC Manual Clauses

A9117C (2007-11-30) T1204 - Direct Request by Customer Department, apply to and form part of the Contract.

7.8 Invoicing Instructions - Maintenance Services

1. The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions along with the monthly maintenance report described in Annex A "the Statement of Work" of the Contract.

Invoices cannot be submitted until all work identified in the invoice has been completed and that all maintenance service call reports related to the Work identified in the invoice have been received by the Technical Authority.

2. The Contractor must distribute the invoices and reports as follows:
 - (a) The original and two (2) copies of the invoices and maintenance reports must be forwarded to the address shown on page 1 of the Contract for certification and payment.

7.9 Certifications

7.9.1 Compliance

Compliance with the certifications and related documentation provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the term of the Contract. If the Contractor does not comply with any certification, provide the related documentation or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

7.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

7.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the general conditions 2035 (2016-04-04);
- (c) Annex A, Statement of Work;
- (d) Annex B, Security Requirements Check List;
- (e) the Contractor's proposal dated _____ (*insert date of bid*);
- (f) Annex C, Cost Estimate Form for Extra Work

7.12 Foreign Nationals (Canadian Contractor)

A2000C (2006-06-16) Foreign Nationals (Canadian Contractor) (if applicable), apply to and form part of the Contract.

7.13 Insurance

7.13.1 Insurance – Specific Requirements

The Contractor must comply with the insurance requirements specified in the **following article 7.13.2 Commercial General Liability Insurance**. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.

The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

The Contractor must forward to the Contracting Authority within ten (10) days after the date of award of the Contract, a Certificate of Insurance evidencing the insurance coverage and confirming that the insurance policy complying with the requirements is in force. Coverage must be placed with an Insurer licensed to carry out business in Canada. The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

7.13.2 Commercial General Liability Insurance

1. The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$2,000,000 per accident or occurrence and in the annual aggregate.
2. The Commercial General Liability policy must include the following:
 - a) Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada should read as follows: Canada, as represented by Public Works and Government Services Canada.

-
- b) Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.
 - c) Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.
 - d) Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.
 - e) Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
 - f) Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
 - g) Employees and, if applicable, Volunteers must be included as Additional Insured.
 - h) Employers' Liability (or confirmation that all employees are covered by Worker's compensation (WSIB) or similar program)
 - i) Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care,
 - a. custody or control exclusion found in a standard policy.
 - j) Notice of Cancellation: The Insurer will endeavour to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
 - k) If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.
 - l) Non-Owned Automobile Liability - Coverage for suits against the Contractor resulting from the use of hired or non-owned vehicles.
 - m) Owners' or Contractors' Protective Liability: Covers the damages that the Contractor becomes legally obligated to pay arising out of the operations of a subcontractor.
 - n) Litigation Rights: Pursuant to subsection 5(d) of the Department of Justice Act, S.C. 1993, c. J-2, s.1, if a suit is instituted for or against Canada which the Insurer would, but for this clause, have the right to pursue or defend on behalf of Canada as an Additional Named Insured under the insurance policy, the Insurer must promptly contact the Attorney General of Canada to agree on the legal strategies by sending a letter, by registered mail or by courier, with an acknowledgement of receipt.

For the province of Quebec, send to:

Director Business Law Directorate,
 Quebec Regional Office (Ottawa),
 Department of Justice,
 284 Wellington Street, Room SAT-6042,
 Ottawa, Ontario, K1A 0H8

For other provinces and territories, send to:

Senior General Counsel,
Civil Litigation Section,
Department of Justice
234 Wellington Street, East Tower
Ottawa, Ontario K1A 0H8

A copy of the letter must be sent to the Contracting Authority. Canada reserves the right to co-defend any action brought against Canada. All expenses incurred by Canada to co-defend such actions will be at Canada's expense. If Canada decides to co-defend any action brought against it, and Canada does not agree to a proposed settlement agreed to by the Contractor's insurer and the plaintiff(s) that would result in the settlement or dismissal of the action against Canada, then Canada will be responsible to the Contractor's insurer for any difference between the proposed settlement amount and the amount finally awarded or paid to the plaintiffs (inclusive of costs and interest) on behalf of Canada.

7.14 Cellular Phones and/or Pagers

The Contractor's Foreman or Site Supervisor must be equipped with a cellular phone and/or pager at all times. All expenses including installation, air time, activating fees, and the cost of the phones/pagers themselves, will be the responsibility of the Contractor. The Contractor must maintain an uninterrupted communication service.

7.15 Government Site Regulations

The Contractor must comply with all regulations, instructions and directives in force on the site where the Work is performed.

7.16 Pre-Commencement Meeting

A pre-commencement meeting is mandatory for the Contractor prior to commencing any work and minutes of the meeting will be taken. The time and place of this meeting will be determined by the Technical Authority.

The Contractor is to supply the Technical Authority with a copy of its safety policy as required by the applicable Provincial Occupational Safety and Health Regulations.

7.17 Voluntary Reports for Apprentices Employed during the Contact

The Contractor should compile and maintain records on the number of apprentices that were hired to work on the contract and their trade specialty.

The Contractor should provide this data in accordance with the format below. If no apprentices were hired during the contract period, the Contractor should still provide a "nil" report.

The data should be submitted to the Contracting Authority six months after contract award or at the end of the contract, whichever comes first.

Voluntary Certification to Support the Use of Apprentices

1. To encourage employers to participate in apprenticeship training, Contractors bidding on construction and maintenance contracts by Public Works and Government Services Canada (PWGSC) are being asked to sign a voluntary certification, signaling their commitment to hire and train apprentices.
2. Canada is facing skills shortages across various sectors and regions, especially in the skilled trades. Equipping Canadians with skills and training is a shared responsibility. In Economic Action Plan (EAP) 2013, the Government of Canada made a commitment to support the use of apprentices in federal construction and maintenance contracts. Contractors have an important role in supporting apprentices through hiring and training and are encouraged to certify that they are providing opportunities to apprentices as part of doing business with the Government of Canada.
3. Through the Economic Action Plan 2013 and support for training programs, the Government of Canada is encouraging apprenticeships and careers in the skilled trades. In addition, the government offers a tax credit to employers to encourage them to hire apprentices. Information on this tax measure administered by the Canada Revenue Agency can be found at: www.cra-arc.gc.ca. Employers are also encouraged to find out what additional information and supports are available from their respective provincial or territorial jurisdiction.
4. Signed certifications will be used to better understand contractor use of apprentices on Government of Canada maintenance and construction contracts and may inform future policy and program development.
5. The Contractor hereby certifies the following:

In order to help meet demand for skilled tradespeople, the Contractor agrees to use, and require its subcontractors to use, reasonable commercial efforts to hire and train registered apprentices, to strive to fully utilize allowable apprenticeship ratios¹ and to respect any hiring requirements prescribed by provincial or territorial statutes.

The Contractor hereby consents to this information being collected and held by PWGSC, and Employment and Social Development Canada to support work to gather data on the hiring and training of apprentices in federal construction and maintenance contracts.

The journey person-apprentice ratio is defined as the number of qualified/certified journeypersons that an employer must employ in a designated trade or occupation in order to be eligible to register an apprentice as determined by provincial/territorial (P/T) legislation, regulation, policy directive or by law issued by the responsible authority or agency.

SW 1 **General**

- 1.1 The Contractor must furnish all necessary tools, services and labour to execute the work required for the maintenance of the equipment contained herein and must execute such work in a careful and workmanlike manner and in accordance with all related Codes, Standards and Regulations from all levels of Government (Provincial/Territorial, Municipal and Federal).
- 1.2 The Bidder must provide written proof, with references, where the technicians that will be performing the work have at least three (3) years of experience maintaining equipment of the size and complexity of the equipment listed in SW5, Equipment Inventory.
- 1.3 To carry out the work on this requirement, **three (3)** Service personnel employed by the Contractor must be in possession of:
 - 1.3.1 A valid Ozone Depletion Prevention Card for the Province of Ontario (or approved interprovincial equivalent); and
 - 1.3.2 A valid Journeyman (JP) Refrigeration and Air Conditioning Certification Licence (or approved interprovincial equivalent); and
 - 1.3.3 A valid Working at Heights Certificate; and
 - 1.3.4 A valid Confined Space Entry Certificate.
- 1.4 Apprentices employed by the Contractor must be fully registered in a Tradesman Program related to the services in Annex A, Statement of Work. Apprentices must work under the direction of a Journeyman Mechanic. Canada reserves the right to request proof of registration in a Tradesman Program related to the services in the Statement of Work at any time during the term of the contract.
- 1.5 All changes to personnel, registered to work on this contract, must be pre-approved, in writing by the Technical Authority prior to the change. All proof of qualification, as per the contract, must be submitted in order for the change to be considered.

SW 2 **Scope of Work - Maintenance and Inspection**

- 2.1 The Contractor must provide all required maintenance as per SW 3 and the manufacturer's recommendations, including but not limited to the items listed below, to maintain the equipment listed in SW 5, Equipment Inventory.
- 2.2 Included in Contract
 - 2.2.1 Contractor must provide all labour, materials, and necessary tools for all maintenance inspections, leak testing, cleaning, and lubrication.
 - 2.2.2 Evaporators and condensers are to be cleaned with soap and water (or other appropriate cleaner) no less than annually or more often if deemed necessary.
 - 2.2.3 Maintenance and inspection on all related piping for unit isolation, gauges, thermometers, associated electrical devices, flow switches, controls, electric control valves, and connecting ductwork. Also includes motor starters and condensate water draining systems.

--	--	--

- 2.2.4 Drive belts, filters, fuses, and all consumable items; includes greases, oils, lubricants, solvents and cleaning materials required to perform the maintenance of the equipment listed in SW5.
- 2.2.5 The equipment inventory identified in SW5 must be inspected and maintained as described herein. All additional parts and labour required to effect repairs to this equipment will be at extra cost to Canada. For any repairs associated with the Equipment Inventory, the Contractor must immediately submit to the Technical Authority for review, a comprehensive parts & labour cost summary and the reason for repair(s). If the request is deemed fair and reasonable by the Technical Authority, compensation will be provided to the Contractor at extra cost to Canada. The proposed repairs must not proceed without prior consent from the Technical Authority.
- 2.2.6 All materials used in the performance of the work, whether included in the contract or repair or replacement parts, shall match original manufacturer's specifications to ensure system integrity. Repair or replacement parts must be new or manufacturer warranted "as new" rebuilt (with Technical Authority approval). For the period of this contract, the contractor must have access, at all times, to sufficient direct replacement parts to ensure immediate repair of any component which would render the system out of service or inaccessible to operator interaction.
- 2.2.7 The Contractor is encouraged to identify modifications or improvements to the equipment or system(s) that will enhance equipment serviceability, life expectancy and/or efficiency.
- 2.2.8 The Contractor will calculate the cost of the repairs, modifications or improvements based on Basis of Pricing "Pricing Schedule 2". The Contractor may be called upon to effect this work.
- 2.2.9 Maintenance Plan:
- 2.2.9.1 Contractor shall produce a detailed maintenance and inspection service plan specific to the equipment inventory which must outline all tasks, procedures, all maintenance routines and frequencies to meet or exceed manufacturers' recommendations identifying the maintenance that will be performed annually, semi-annually and quarterly. This maintenance plan shall contain and reflect the manufacturer's recommended maintenance and all requirements of this agreement. The proposed maintenance plan shall be reviewed by the Technical Authority and may require revision by the Contractor to meet Technical Authority's requirements. Any such changes shall be considered as part of this agreement. This plan must fully list all operating inspections, maintenance schedules and tests necessary to maximize equipment longevity and ensure the optimum level of performance over the full operating range of the equipment.
- 2.2.9.2 The maintenance and inspection service plan shall be submitted to the Technical Authority in the Microsoft Office Suite format (including sample inspections sheets for all routines), within 30 calendar days after commencement of the Contract.
- 2.3 Performance
- 2.3.1 The Contractor must maintain the equipment at its original performance level to provide conditions within the range required by the equipment being served by this system or as otherwise specified by the Technical Authority.

2.4 Exclusions

- 2.4.1 The Contractor is not required as part of this contract to make renewals or repairs necessitated by reason of the negligent operation or misuse of the equipment by others or by reason of any other cause beyond his control except ordinary wear and tear of the equipment.
- 2.4.2 The contractor must provide clear and concise rational of the events leading up to the failure.

2.5 Extra Work

- 2.5.1 The Contractor must immediately inform the Technical Authority in writing within 24 hours of necessary repairs not included herein as being part of the work to be performed under the Contract. The Contractor may be called upon to effect these repairs.
- 2.5.2 The Contractor must identify modifications or improvements to the equipment or system(s) that will enhance equipment serviceability, life expectancy and/or efficiency.
- 2.5.3 The Contractor will calculate the cost of repairs, services, modifications or improvements based on the "Cost of Services Schedule". The contractor may be called upon to effect this Extra Work.

2.6 Wiring Diagrams - Adjustments Procedures and Operational Descriptions

- 2.6.1 Prove to the satisfaction of the Technical Authority when requested, possession of complete schematic wiring diagrams, detailed adjustment procedures and detailed operational descriptions of all equipment included in this Contract.

2.7 Environment Protection

- 2.7.1 The Contractor must conform to all applicable environmental laws and regulations in effect including the Federal Halocarbon Regulations.
- 2.7.2 During repair or replacements the Contractor must use closed-loop refrigerant recovery equipment to minimize refrigerant emissions. A complete leak test on all refrigeration systems must be performed twice during the calendar year (6 month intervals), and repairs made as required. Units must then be tagged as leak free.
- 2.7.3 The Contractor must ensure against oil spills or damage to surfaces and roofing system by providing protection such as plywood or plastic under the equipment during service operations. In the event of an accidental spill, the Contractor must notify the Technical Authority immediately so that remedial action can be taken;
- 2.7.4 The Contractor must not leave waste materials on site unless approved by the Technical Authority;
- 2.7.5 The Contractor must not dispose of waste or volatile materials, such as mineral spirits or paints and oil thinner into waterways, storm or sanitary sewers;
