

Request for Proposal IC401586

Technology Roadmap of the Automotive Sector

AMENDMENT NO. 2

The Department of Industry Canada hereby amends the request for proposal for the provision of Technology Roadmap of the Automotive Sector, number IC401586 dated July 12, 2016. This amendment hereby forms part of the RFP. The purpose of this amendment is to:

1. Change Attachment 1 to Part 5 – Certification Required with the Bid, article 5.0 Conflict of Interest.

DELETE in its entirety Attachment 1 to Part 5 – Certification Required with the Bid, article 5.0 Conflict of Interest and **REPLACE** with the following:

5.0 Conflict of Interest

In order to provide impartial and objective advice to IC and to avoid any real or apparent conflict of interest, the Contractor represents and warrants that any proposed individual(s) assigned to perform any work under a Contract shall not be in a situation of conflict of interest that would render it unable to provide impartial assistance or advice to IC, or affect or otherwise impair its objectivity in performing the work.

A Contract for services will be on the condition that there are no conflicts of interest for the duration of the project. Therefore, upon receiving a Contract from IC, the Contractor shall not perform any services for any entity other than IC. The Contractor must certify that there is no actual conflict of interest or an appearance of a conflict of interest in relation to the project by submitting a signed declaration to the Project Authority prior to awarding the Contract. The Contractor shall at all times keep IC updated on potential conflicts of interest related to the project.

Should a Contractor subsequently become aware of such a potential conflict, it will notify the Project Authority immediately.

****All other terms and conditions remain unchanged**
