Amendment 05

This amendment is being raised to respond to questions asked during the optional site visit.

A) QUESTIONS AND ANSWERS

Q6: Is Parks going to allow trucks to take asphalt to the site?

A6: Bobcat, trailer or similar will need to be used. There is not a 5 m clearance around the trail to support a truck.

Q7: Is Parks looking for a smooth, perfect path surface?

A7: No. Slight imperfections will be acceptable.

Q8: Does contractor need to sweep the existing surface before paving?

A8: No sweeping will be required by the contractor

Q9: Is Parks alright with unloading in multiple staging areas?

A9: Yes. Parks will provide a map of the staging areas. See DSP 3 folder.

Q10: Can Parks identify the pinch point showing the 5 ft width section along the trail?

A10: The pinch point will also be identified on the map.

Q11: Can equipment be fuelled close to the work site?

A11: Containment is required for equipment left on site overnight. Equipment must be on tarps and fully contained in case of spills. For further details, refer to the BMP document.

Q12: What signs is the contractor responsible for?

A12: Construction signs only. Trail closure will be the responsibility of Parks. Contractors are still required to manage the site closure.

B) SITE VISIT ATTENDANCE

The following individuals were present to the optional site visit on August 11, 2016:

Barry Creasey from Border Paving and

Doug Hickey from Metro Paving

All other terms and conditions remain unchanged.
