This solicitation document has been raised to answer a question asked by a potential bidder during the tendering period. The following question has been asked and is answered as follows.

QUESTION 1

What is the average hours worked per month in the past 3 or 4 years on site through this contract?

ANSWER 1

Past hours of work cannot be provided. Because this is a Standing Offer and Not a contract, the hours worked per month are variable and we will not know specifics of the exact amount or type of work required in advance. AAFC will issue a Call-up to the supplier on “an as and when required” basis when work is required. Please refer to “Annex B, Bid Document” and the Estimated Number of Units that AAFC is estimating that could possibly be used under the offer.
