RFP Amendment No. 1 is issued to address a question received:

Question 1:

Under the financial proposal, full time academics who are employed by publicly funded institutions (colleges and universities) can also submit a response to this tender. To ensure a competitive bid, will any academic who may individually submit a proposal or receiving a substantial number of days as a subcontractor in the project be required to submit the proposal through their employer the university or college?

Answer 5:

It is not the responsibility of Public Safety Canada to determine whether or not academics should submit their proposal through their employer (University or College). Academics who want to submit a proposal or be a subcontractor under the project are responsible to follow their own employer's internal procedures.
