AMENDMENT #001

The intent of this amendment is to answer potential bidder questions and revise some areas of the document.

Q1. Is this standing offer for DND replacing the one currently in effect and awarded to Bar Green? Or is it for both DND and Correctional Services Canada?

A1. The resulting standing offer is intended to replace the current standing offer #W2177-140001/001/KIN held by Bargreen Ellingson Canada and will be available to all government departments, agencies or Crown corporations listed in Schedules I, I.1, II, III, of the *Financial Administration Act*, R.S., 1985, c. F-11. It is anticipated that the main user will be Department of National Defence.

Q2. There are features specific to prison environments that would not be needed in military environments such as a mesh door instead of just the glass door. So if both end users are being utilized through this call up, we would likely recommend different models for the two environments as the additional security features would be necessary for CSC.

A2. All proposed models must meet the specifications and mandatory technical criteria set out in the request for standing offer.

During the time period of 19 September to 31 October 2016, all questions or comments regarding this solicitation will be managed by:

Heather Bellmore, Team Leader
Public Works and Government Services Canada, Acquisitions Branch
