AMENDMENT #1

Post Questions and Answers

Question 1:

How long did the Permit to Take Water application process take last year?

Answer 1:

As per recent changes made to the Ontario Water Resources Act (Ontario Regulation 387/04 Water Taking and Transfer), the Permit To Take Water is no longer required for this project, as the water removed for dewatering will be returned directly to the same water body. Please disregard all reference to the Permit To Take Water (PTTW) requirements in the specifications.
