

A photograph of a large industrial machine, likely a drilling rig, with a prominent vertical section wrapped in grey insulation. The machine is surrounded by various pipes, valves, and yellow mechanical components. In the foreground, there are three large orange fuel tanks. To the right, a control panel with gauges and a white cylindrical tank are visible. A person is partially visible in the background on the left. A white box with the text 'DP-2' is overlaid on the left side of the image.

DP-2

DP5

The image shows a large industrial engine, likely a diesel engine, with a prominent grey insulated cylinder. The engine is surrounded by a complex network of yellow-painted pipes and valves. A black flexible hose is connected to the lower part of the engine. In the background, there are shelves with blue and white containers, and a red fuel tank is visible on the right side. The engine is labeled 'DP5' in a white box.
