This Amendment 005 is raised to address questions. Please see questions and answers below.

Questions and Answers

1. In regards to the requirement for hoarding surrounding the work area. Will chain link fence that meets the size requirements be accepted? Solid hoarding panels in this quantity are not readily available in Northern BC and seem unnecessary for this scope of work.

Response in Amendment 001.

2. Is a SAIT graduate field surveyor working under the supervision of a geomatics/surveying engineer (P. Eng) considered acceptable by your representative?

The Specifications outline when a Land Surveyor is required. It is PWGSC's expectations that when a Land Surveyor is required, all submitted data and plans are sealed by a qualified Land Surveyor acceptable to the Departmental Representative.
