

Addendum 1

Date : september 21st 2016

Parks Canada

V/RÉF. : 45370555

Projet : Realization of plans et specifications for the rehabilitation of culvert 34.141 in the La Mauricie National Park.

This addendum is an integral part of the tender document and clarifies the specifications.

Modification of the section 01 14 00 « work restriction »

The article 1.2 « Site access » is modified :

The contractor must consider that the culvert 18.44 replacement, which required the closure of the road at the 18.44 kilometer, will not take place simultaneously. Accessibility will be possible at the culvert 34.141 by both sides if the contractor needs it.
