This Solicitation Amendment 004 is raised to respond to bidders questions:

Bidders Questions

Question 1:

The amp will be mounted to the tracking antenna, can you specify what the attachment points are on the antenna?

Answer:

DND plans on adapting a flat plate mounting surface to the mounting kit's attachment points that the winning bidder provides

Question 2:

Does the amp mount directly onto the antenna or is it to be mounted onto the support structure for the antenna?

Answer:

It is mounted to the support structure on the back of the antenna dish.

Question 3:

Currently two HPAs are configured as a primary/backup system. Does this mean that the mount should be designed to hold both HPAs? Or will they have one mounted and replace it should it fail in the future?

Answer:

Only one will be mounted at a time and replaced should it fail.

Question 4:

Is there any mounting restrictions around the proposed mounting position?

Answer:

None, if it is mounted centered and meets the size limit requirement.

Question 5:

Can you explain Compliance Method (A or B) column?

Answer:

The compliance method column indicates the acceptable methods of demonstrating compliance within the bid.

ALL OTHER TERMS AND CONDITIONS OF THE SOLICITATION DOCUMENT REMAIN UNCHANGED.
