Question #1

402 Squadron stated a requirement during the bidders conference at CFB Winnipeg on June 9 2016 to create and include a PDF version of the changes we carry out with the IETM demo disc. We do not see this added requirement in the latest amendment posted on the buy and sell website, and there are no instructions in the readme file included in the sample disc.

Please confirm if creating the PDF is still a requirement and, if yes, what format the final PDF should look like when submitted. Does the reviewer want a PDF of only the changed section? Or is the requirement to create a complete manual that includes the publication title page, list of effective pages, etc..?

Answer #1

No pdf documents are required for this exercise. The requirement of the exercise to provide confirmation that a bidder has the ability to complete assigned amendments/corrections to the CT142 IETM by following the work instructions provide on a DND 570.

Question #2

During the review of the change instructions for **DND 570 MY-002 Task** a small error was noted. In the first instruction line, the part number of the referenced item #040 should read MS20002C9 vice MS2002C9. Please advise if we can proceed on the assumption that MS2002C9 is indeed MS20002C9.

Answer #2

Item # 040 should read MS20002C9 vice MS2002C9.

Question #3

SOW para 3.2.1.b.: Are the IETM and General Business Rules proprietary to StandardAero or any other company and if so, is there a cost to procure them or would a copy be provided to us free of charge?

Answer #3

The IETM and associated Business Rules are the property of DND.

Question #4

SOW para 3.2.1: What approximate percentage of the hours/year will be required to support DND change requests (DND 570s) to revise or further develop the IETM or, Is there an approximate historical average that we could use as a reference?

Answer #4

The historical monthly average is approximately 600 man hours charged for supporting the IETM through DND 570's and functional improvements.

All other terms and conditions remain the same
