Questions from Contractor

1. Annex B – 1.1. Tipping fees are not included in the pricing and will be charged separately by the contractor. Can you confirm that truck scales will be acceptable for billing container disposal weights? **How are the scales calibrated and by whom? I believe any scales used for monetary charges are governed by a federal authority. If the truck scales are inspected/calibrated by a governing authority and proof of this is provided, it shouldn't be an issue.**
2. Annex B – 1.1.2 (B) Additional Containers – with quoting a monthly price per container do we assume the Estimated Usage is the number of lifts per month approximately to come up with a monthly rate per bin? **Additional bins are intended for a short duration for sporting and/or social events; not sure if a monthly rate is required. Please note that the estimate usage under 1.1.2 "As and When Requested Services" under item i) – 2 cu-yd should read 12 and not 102. FYI.**
3. Annex B – 1.1.3 Tipping Fees – Year 2 and Option Year state Monthly Price Per Container. Should this read Metric Tonne and not Per Container as stated in Year 1? **The previous contract identified the tipping/landfill fee per month so I believe monthly price per container is the intended method of pricing.**
4. Annex B – 1.2.2 (a) & (b) As And When Requested Services – with quoting a monthly rate per bin do we assume that we take the estimated usage per bin and divide that by 12 months to get an approximate number of lifts per month to come up with a monthly rate per bin? **This monthly pricing per additional container was not employed in previous contracts; as stated in the reply for question #2, additional containers are intended for short term usage. If long term additional containers are required, shouldn't we amend the firm requirement?**

Delete: ANNEX "B" BASIS OF PAYMENT in its entirety

Insert: ANNEX "B" BASIS OF PAYMENT

Note: *Text in italics is included for evaluation purposes only for the "as and when requested" services and will not form part of the Annex B, Basis of Payment included in any resulting contract. For bidding purposes Bidder's must use the current City of North Bay Tipping/Landfill rate for calculating the Tipping/Landfill fee for all two years of pricing.*

Charges for service rendered will be calculated in accordance with the following firm unit prices (except as noted *), in Canadian Funds, HST/GST extra as applicable:

Pricing Periods:

Year 1: 1 October 2016 to 30 September 2017

Year 2: 1 October 2016 to 30 September 2018

Option Year: 1 October 2016 to 30 September 2019
